There is help. There is hope.

Your personal guide to addiction recovery.

A Care Coordinator is here for you. Call the South Dakota
Opioid Resource Hotline **1-800-920-4343**.

Someone to turn to when you don't know where to turn

A Care Coordinator understands the challenges that come with addiction. They are experts in connecting people with support and treatment in South Dakota.

A phone call is all it takes

Develop a plan for recovery, identify stumbling blocks that may be keeping you from breaking the cycle of addiction, and lay the groundwork to transition into treatment.

You schedule calls based on what works for you. Your Care Coordinator can help you:

- Explore treatment & payment options
- Connect with peer coaching or other mental health services
- Schedule appointments
- Find resources such as housing, employment, and food assistance

It's **FREE** and **confidential**

This service is available to **anyone** including:

- Individuals struggling with addiction (prescription or illicit use)
- Family or friends needing extra support

Call 1-800-920-4343 today.
There is help. There is hope.
