RE: Dental Anesthesia

In January 2023, the American Medical Association released a new HCPCS code G0330, facility services for dental rehabilitation procedure(s) performed on a patient who requires monitored anesthesia (e.g., general, intravenous sedation (monitored anesthesia care)) and use of an operating room. This code should be used where applicable in lieu of CPT code 41899, unlisted procedure, dentoalveolar structures.

Code 41899 may still be used if G0330 does not adequately describe the treatment provided. South Dakota Medicaid temporarily reimbursed 41899 at the same rate as G0330 as APC providers transitioned to the new code. Effective October 1, 2023, 41899 will revert to the ASC grouper 4 rate of \$522.50. The reimbursement for G0330 will remain at the current rate of \$1,050.00.

Sincerely,

South Dakota Medicaid
