Attention: South Dakota Medicaid Providers
From: South Dakota Medicaid
Re: Pregnancy Program Provider Enrollment

Eligible providers can now enroll in the South Dakota Medicaid Pregnancy Program. The Pregnancy Program is a new Medicaid care management program. The Pregnancy Program is intended to improve maternal health outcomes through enhanced care coordination, services being provided in accordance with standards of care, and reducing barriers to care. Participating providers are eligible for enhanced reimbursement for care coordination and meeting prenatal and postpartum care objectives.

Providers wishing to have an initial caseload assigned to them when the program launches on April 1, 2024, must complete enrollment by March 1, 2024. Enrollment in the program requires completion of the following forms:

- Pregnancy Program Provider Application
- Pregnancy Program Provider Addendum (one per participating provider)
- Barriers to Care Initiative (one per clinic or health system)

For more information about the program or to enroll please visit our [website](#). Please contact Valerie Kelly at 605.773.3495 or email cmforms@state.sd.us with any questions.

Sincerely,

South Dakota Medicaid
