

Important Notice!

FEDERAL PUBLIC HEALTH EMERGENCY ENDS MAY 11, 2023

During the COVID-19 Public Health Emergency (PHE) Medicaid allowed additional flexibility regarding what services can be provided via telemedicine. The federal government has stated the COVID-19 PHE will end on May 11, 2023. Medicaid has decided to permanently cover some of these services via telemedicine. A list of services permanently covered can be found below:

COVERAGE CHANGES

Permanent Telemedicine coverages for the following services:

- Applied Behavior Analysis (ABA) Therapy
- Physical Therapy including in schools
- Occupational Therapy including in schools
- Audiology

In addition to the list above, Medicaid will continue to cover a number of other services via telemedicine including routine doctor's office visits and behavioral health services. If you have questions whether a services is covered via telemedicine, please check with your provider.
