Payment for rehabilitation hospitals and units, perinatal units, and children's care hospitals will continue on the Medicare retrospective cost base system with the following exceptions:

1. Costs associated with certified registered nurse anesthetist services that relate to exempt hospitals and units will be included as allowable costs.
2. Malpractice insurance premiums attributable to exempt units or hospitals will be allowed using 7.5% of the risk portion of the premium multiplied by the ratio of inpatient charges to total Medicaid inpatient charges for these hospitals or units.

The agency provides a link to Medicare's DRGs on its website at <http://dss.sd.gov/sdmedx/includes/providers/feeschedules/dss/index.aspx>

Payment for psychiatric hospitals, psychiatric units, rehabilitation hospitals, rehabilitation units, perinatal units, and children's care hospitals is on a per diem basis based on the facility's reported, allowable costs, as established by the State. This per diem amount is updated annually as directed by the Legislature based on review of economic indices and input from interested parties not to exceed the rate as established by the medical care component of the Consumer Price Index of the most recent calendar year.

Specialized surgical hospitals payments for payable procedures will be based upon group assignments. Payment rates are effective April 4, 2017 and will be listed on the agency's website <http://dss.sd.gov/sdmedx/includes/providers/feeschedules/dss/index.aspx>. The fee schedule is subject to annual/periodic adjustment. Payable procedures include: nursing, technician, and related services; patient's use of facilities; drugs, biologicals, surgical dressings, supplies, splints, casts, and appliances and equipment directly related to the surgical procedures; diagnostic or therapeutic services or items directly related to the surgical procedures; administrative and recordkeeping services; housekeeping items and supplies; and materials for anesthesia. Items not reimbursable include those payable under other provisions of State Plan, such as physician services, laboratory services, X-ray and diagnostic procedures, prosthetic devices, ambulance services, orthotic devices, and durable medical equipment for use in the patient's home, except for those payable as directly related to the surgical procedures.

Indian Health Service hospitals are paid on a per diem basis as established by CMS.

Instate hospitals with less than 30 discharges during the hospital's fiscal year ending after June 30, 1993, and before July 1, 1994, are paid 95% of billed charges.

For claims with dates of service on and after July 1, 2012, the amount of reimbursement for psychiatric hospitals, rehabilitation hospitals, perinatal units, psychiatric units, rehabilitation units, children's care hospitals, and specialized surgical hospitals will be increased 5% over the State fiscal year 2012 calculations after any cost sharing amounts due from the patient, any third party liability amounts have been deducted and other computation of any cost outlier payment.

EXCEPTION TO PAYMENT METHODOLOGIES FOR ACCESS-CRITICAL AND AT-RISK HOSPITALS

South Dakota Medicaid will reimburse hospitals classified as Medicare Critical Access or Medicaid Access Critical at the greater of actual allowable cost or the payment received under the provisions contained in this Attachment.
