- For fact sheets on specific infectious diseases: [www.state.sd.us/doh/pubs/fctindex.htm](http://www.state.sd.us/doh/pubs/fctindex.htm)
- Disease reporting is now more convenient on our secure Web site: [www.state.sd.us/doh/diseasereport](http://www.state.sd.us/doh/diseasereport)

## WHEN TO REPORT

- Category I diseases are reportable immediately by telephone on recognition or strong suspicion of disease.
- Category II diseases are reportable by telephone, mail or fax within three days of recognition or strong suspicion of disease.

## WHAT TO REPORT

- The disease or condition diagnosed or suspected.
- The case or carrier's name, age, sex, race, address and occupation.
- The date of onset of illness and whether the person is hospitalized and, if so, where.
- Any pertinent laboratory results.
- What, if any, public measures have been taken.
- The name, address, phone and email of the attending physician.
- The name, address, phone and email of the person making the report.

If the reportable disease is an epidemic or outbreak, the reports must also include the diagnosis or principal symptoms, the approximate number of cases, the place or community within which the cases occurred or are occurring, and the name and phone number of the reporting physician or person.

## HOW TO REPORT

- **Secure Web site:** [www.state.sd.us/doh/diseasereport](http://www.state.sd.us/doh/diseasereport)
- **Telephone:** For a confidential answering-recording device: **1-800-592-1804**  
For a disease surveillance person during normal business hours: **1-800-592-1861** or **(605) 773-3737**  
After hours for a Category I disease or emergency: **(605) 280-4810** or **(605) 773-3536** (State Radio)
- **Fax:** **(605) 773-5509**
- **Mail:** Send to Infectious Disease Surveillance at: Office of Disease Prevention, Department of Health, 615 East 4th Street, Pierre, SD, 57501, marked "Confidential Disease Report"

## PREVENTING THE SPREAD OF COMMUNICABLE DISEASES

**Routinely Clean and Disinfect Surfaces:** Cleaning with soap, water and scrubbing removes most dirt and most germs. However, disinfecting kills germs on surfaces, providing an extra margin of safety.

**Wash your Hands Often:** Frequent hand washing is one of the best ways to prevent the spread of infectious diseases.

### DSS Nondiscrimination Policy:

Department of Social Services (DSS) staff, programs and policies must not discriminate against clients or applicants for services because of race, color, sex, age, disability, religion and national origin. To file a complaint of discrimination write: PMB0141-1, DSS Human Resource Manager, 500 East Capitol Ave., Pierre, SD 57501-5070 or call: (605) 773-6941. If you have a question regarding program services, please contact your nearest DSS office.
