TO: Birth to Three Providers

FROM: Medical Services

DATE: June 1, 2009

RE: Billing clarification for Birth to Three services - Updated

This memorandum replaces the memorandum dated December 19, 2008. Providers enrolled with the South Dakota Medical Assistance Program who submit claims for services provided for the Department of Education's Birth to Three program, are able to submit claims via paper on the CMS 1500 or electronically using the 837 format.

For Birth to Three paper claims, you must complete the required fields of the CMS 1500 including the following:

Shaded field 24I - ID qualifier "ZZ"

Shaded field 24J - Taxonomy code "252Y00000X"

Unshaded field 24J - Your provider specific rendering NPI number

Field 33A- Your provider specific billing NPI number

Field 33B- Taxonomy code and ID qualifier "ZZ 252Y00000X"

For Birth to Three electronic claims, you must complete the required fields of the 837 including the following:

Taxonomy code location- 2310B/PRV – Using the "ZZ" qualifier

Rendering NPI location- 2310B/NM1 – Using the "XX" qualifier

Billing NPI location- 2010AA/NM1 – Using the "XX" qualifier

The taxonomy code 252Y00000X is only to be used when billing for services provided through the Birth to Three program. For enrolled Birth to Three providers that have a taxonomy code on their provider file different than the one above we will switch this for you automatically. If you have any questions please feel free to contact our Telephone Service Unit at 1-800-452-7691.

Thank you.
