

# Remittance Advice Message

December 2011

## Taxonomy Code Edit

Dear South Dakota Medical Assistance Provider: "Important Message - Please Read"

Physician claims that are submitted with a different billing and rendering NPI should not complete the taxonomy for both the billing and rendering providers. Claims that submit a taxonomy for both billing and rendering provider will deny for conflicting taxonomy records. The taxonomy should only be completed for the rendering provider.

This edit is effective with claims processed as of 12/15/2011.

Thank you for your continued support of the South Dakota Medical Assistance Program.
