Survey Respondents

The Division of Behavioral Health (DBH) recognizes the need for strong community collaboration at the local level between agencies accredited with the DBH and their local referral sources seeking services for clients. Stakeholder Survey Feedback

Please give examples to support your ratings in the above questions:

- *Three Rivers, the staff and services are nothing short of excellent. Professionalism and proper care are always given to whomever enters their door. I personally have worked with all members of the staff and have seen 1st hand that care that is given to clients who receive services. Staff has been supportive toward my employment and given assistance to us so we can better serve out communities and the people in them.*
- *I really like and appreciate both counselors, but Allie seems to be more consistent and evidence-based in terms of the services she provides.*
- *I selected undecided as I'm not up to date with the services they provide as well as not familiar with the counselors and other professional staff.*
- *Refer clients and are always willing get them in.*
- *Members of Three Rivers and our Sheriff's office maintain a great working relationship. Information can flow both ways so that the best possible outcome for their patients and people we interact with can be accomplished. Employees at Three Rivers go above and beyond what is asked of them and do a great job to make sure clients are succeeding.*
- *Very approachable staff, professional, works well with the clients within our facility. Prompt response time.*
- *I am familiar with Ally and Pat. They do a wonderful job of servicing out students. They are willing to hear our concerns and work together to help the students.*
- *Staff has made themselves available when need for emergencies.*
- *Cam to a district meeting and informed all staff of services offered.*

What does this agency do well?

- *Three Rivers goes above and beyond what is expected of them or what is required of them.*
- *Delivers excellent care and support.*
- *They are very responsive to clients needs at out school. They see students during their down times at school so as to enable the students to keep up in their classes and still get their emotional needs met. They are also well received by the students as they are wonderful people to talk and work with. They are also respectful of the school system as a whole, and do not cause a disturbance or embarrassment to clients.*
- *They are very flexible in their time with the students.*
- *They make time for clients and will do follow up with clients*
- *Works with students in crisis.*

What suggestions would you make for this agency to improve services?

- *Continue with efforts to find a CD therapist.*
- *Our rural area would greatly benefit from having more providers.*
- *More Consistency and better communication with parents and school administrators. However, this has really improved and continues to improve.*
- *It would be great to be able to get a CD counselor at Three Rivers. This process is obviously much easier said than done due to the extreme ruralness we live in and the lack of counselors.*
- *If they could offer substance abuse specific counseling services, it would be very helpful for some of our students.*
- *Some clients have reported concern with privacy, as other business is in the same building.*

Impact of CARE Services

Impact of treatment services is measured by surveying client perception of the quality of services received including the following: general satisfaction with services, access to services, quality and appropriateness of services, outcome of services, and participation in treatment planning. Additionally, impacts are measured by improvements in social connectedness and overall functioning. Impact of treatment services is relevant because clients who feel empowered, motivated, have positive family relationships, and feel they have the ability to change may be more likely to have positive treatment outcomes.
