SECTION 3

State Plan Development and Statewide Goals

3.1. CSBG Lead Agency Mission and Responsibilities:

Briefly describe the mission and responsibilities of the state agency that serves as the CSBG Lead Agency.

The South Dakota Department of Social Services mission is: Strengthening and supporting individuals and families by promoting cost effective and comprehensive services in connection with our partners that foster independent and healthy families. The Department of Social Services is an umbrella agency for the Divisions of Behavioral Health, Child Protection, Child Support Enforcement, Economic Assistance, Medicaid, and Licensing Boards. The Cabinet Secretary selected Economic Assistance to administer the Community Services Block Grant. Economic Assistance also administers SNAP, Energy and Weatherization, TANF, Medicaid, Child Health Insurance Program, Child Care Services, and Auxiliary Placement. A primary goal of the Division is to promote well-being and achieve self-sufficiency of low-income individuals and families by offering areas of support through medical, nutritional, and financial assistance. Referrals are provided to families, children, individuals, elderly, and persons with disabilities to other community resources. CSBG falls in line with providing these resources.

3.2. State Plan Goals:

Describe the state's CSBG-specific goals for state administration of CSBG under this State Plan.

(Note: This information is associated with State Accountability Measure 1Sa(i) and pre-populates the State's Annual Report, Module 1, Item B.1.)

The goals set by the State of South Dakota include: 1. Promote results oriented activities and services to assist individuals, families and communities in poverty to move toward self-sufficiency. 2. Communicate and work collaboratively with the four Community Action Agencies in identifying training and technical assistance needs. 3. Evaluate agency performance through annual monitoring using the OCS organizational standards and other pertinent measures of performance and provide a response within 30 days. 4. For agencies not meeting the organizational standards, develop technical assistance plans or quality improvement plans. 5. Complete annual reports including data collection within required timeframes to OCS. 6. Improve general performance and use of data as measured by the ACSI.

3.3. State Plan Development:

Indicate the information and input the state accessed to develop this State Plan.

3.4. Eligible Entity Involvement			
3.4a. State Plan Development Describe the specific steps the State took in developing the State Plan to involve the eligible entities.			
<i>(Note: This information is associated with State Accountability Measures 1Sa(ii) and may pre-populate the State's annual report form)</i>			
The four Community Action Agencies in South Dakota and the South Dakota CAP (association) received a draft plan for review and comments. An in-person meeting took place between the four agencies, the CAP (association) and State Office CSBG Program Specialist to go through the document to discuss the state plan draft prior to public inspection and finalization.			
3.4b. Performance Management Adjustment: Describe how the state adjusted its State Plan development procedures under this State Plan, as compared to previous State Plans, in order to:			
1) encourage eligible entity participation and 2) ensure the State Plan reflects input from eligible entities?			
Any adjustment should be based on the State's analysis of past performance in these areas, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the State is not making any adjustments, provide further detail.			
<i>(Note: This information is associated with State Accountability Measures 1Sb(i) and (ii) and pre-populate the Annual Report, Module 1, Item B.1.)</i>			
The State Plan draft was provided to each agency Executive Director to review and provide feedback on. As stated above, an in-person meeting took place to discuss the State Plan prior to public inspection and the public hearing. This adjustment was made after receiving lower scores on the ACSI around communication and at the agencies request to be more involved in the development of the State Plan. They have been invited to participate in the hearing or submit comments.			
3.5. Eligible Entity Overall Satisfaction: Provide the State's target for eligible entity Overall Satisfaction during the performance period:			
Year One	60	Year Two	62
Instructional Note: The state's target score will indicate improvement or maintenance of the state's Overall Satisfaction score from the most recent American Customer Survey Index (ACSI) survey of the state's eligible entities. <i>(Note: Item 3.5 is associated with State Accountability Measure 8S and may pre-populate the State's annual report form)</i>

SECTION 4 CSBG Hearing Requirements

4.1. Public Inspection:

Describe the steps taken by the state to disseminate this State Plan to the public for review and comments prior to the public hearing, as required under Section 676(e)(2) of the Act.

The state draft plan document was provided to the SD Community Action Agencies and the State CAP (association) for review and comment. The resulting draft was made available by postal mail or email, for anyone requesting a copy and was posted on the SD DSS website for further review and comments. Notice of the period of public inspection and the public hearing was placed in four major newspapers in the state, which included at least one from each of the service areas of the Community Action Agencies. A public hearing for the SD Community Services Block Grant for FFY2023 and 2024 was held on August 9, 2022.

4.2. Public Notice/Hearing:

Describe how the state ensured there was sufficient time and statewide distribution of notice of the public hearing(s) to allow the public to comment on the State Plan, as required under Section 676(a)(2)(B) of the CSBG Act.

A copy of the State Plan is made available by postal mail or email to anyone requesting a document of it. A draft plan will be posted on the SD DSS website. Notice of the period of public inspection and the public hearing will be placed in four major newspapers in the state, representing each of the service areas of the Community Action Agencies at least 10 days in advance of the hearing. Comments on the plan can be made either in person or in writing to the CSBG Program Specialist.

4.3. Public and Legislative Hearings:

In the table below, specify the date(s) and location(s) of the public and legislative hearing(s) held by the designated lead agency for this State Plan, as required under Section 676(a)(2)(B) and Section 676(a)(3) of the Act.

<input type="checkbox"/> Other	
6.3a. Assessment Process: Describe the planned assessment process.	
<p>Although the State may conduct monitoring at least once within each three year period, South Dakota has conducted annual monitoring to all four Community Action Agencies since 2009. The CSBG Program Specialist utilizes a monitoring assessment document in which the Organizational Standards are embedded and identified. The Organizational Standards have been in use since 2014. The monitor form may be refined yearly to ensure it is relevant to any reporting requirements or changes. The assessment is sent to the agency Executive Director for review, comment and to gather documents prior to the monitoring visit. At the meeting, the agencies are required to be prepared with electronic or paper copies of all documents that verify compliance; such as board meeting minutes, by-laws, personnel manuals, etc. The entire assessment document is reviewed, discussed and completed during the on-site visit. If it is found a standard is not met, a discussion takes place to determine the status of meeting the standard: Is it in process or is there an intention to meet the standard? In what time frame will the standard be met? Does the agency need training or more information? The results of the discussion and clarification will determine the States next steps: follow-up in 30 days? Write a TAP for T/A? Write a QIP? If no issues are found the final completed monitor document will be signed and returned to the agency within 30 days. If there are minor issues or questions to be answered, the agency will resolve, submit proof of resolution and the completed monitor form returned within 30 days. If there is a compliance issue, the State will follow up with a formal letter explaining the issue, the instructions for correcting it and in what time frame. Once the agency is in compliance the final monitor document will be signed and a copy provided to the agency within 30 days. The DSS Office of Provider Reimbursements and Audits is responsible for completing Section 8 of the Organizational Standards related to finance. They use random sample document submissions. If there are</p>	

findings, a more in-depth assessment will be required. Feedback is provided to the the CSBG Program Specialist.

7.1a. Formula Description: Describe the current practice for allocating CSBG funds to eligible entities.

The State gathers statistics of persons living at 125% fpl and below in each county and in the state. The percentage of persons living at the level of poverty in each service area is calculated as a percentage of all persons living at 125% FPL in the state. There is an adjustment in the number of persons living in poverty made in six counties (Shannon, Jackson, Charles Mix, Todd, Marshall, and McPherson) due to those persons eligible to be served by the four CSBG allocations given directly to the Oglala, Rosebud, Yankton, and Sisseton-Wahpeton Sioux Tribes. Statistics from the 2000 United States Census were the source of the total county population, persons living at this level of poverty, and the number of persons to be served by the four allocations given to the tribes. That percentage determines the amount of each agency's allocation. 90% of CSBG funds for each FFY is allocated to the agencies; 5% discretionary funds are also provided to be used for emergency services; and any carry over from the State Administration of 5% is calculated back to the agencies in their allotment as well. The discretionary amount and the State Administration are allocated to each agency using the same formula as the 90% explained above.

7.1b. Statute: Does a state statutory or regulatory authority specify the formula for allocating "not less than 90 percent" funds among eligible entities? ☐ Yes ☒ No

7.2. Planned Allocation:

Specify the percentage of your CSBG planned allocation that will be funded to eligible entities and "not less than of 90 percent funds" as described under Section 675C(a) of the CSBG Act.

In the table, provide the planned allocation for each eligible entity receiving funds for the fiscal year(s) covered by this plan.

Note: This information pre-populates the state's Annual Report, Module 1, Table E.2.

7.3. Distribution Process:

Describe the specific steps in the state's process for distributing 90 percent funds to the eligible entities and include the number of days each step is expected to take; include information about state legislative approval or other types of administrative approval (such as approval by a board or commission).

The State provides an estimated allocation to the agencies based on the most recent federal award letter in the amount of 90% funds, 5% discretionary, and any state administration carry over in mid to late March, allocated as explained in 7.1a. Funds are allocated formally by contracts in May for the contract year beginning June 1 to May 31. They receive the 90%, the 5% discretionary and any State Administration carry over as part of their initial allocation. Once under contract, the agency may request an initial draw which would be the amount anticipated to be spent in the first 30 days of the contract. The request is processed and paid within three weeks or less. Subsequent monthly cash draw requests show the amount actually spent in that month, the current request less or plus the balance of the deficit, the amount that is anticipated to be spent in the next 30 days, the amount that is

anticipated to be spent in the following 15 days, and then that amount paid within three weeks or less. 7.3a Distribution Method: Select the option below that best describes the distribution method the state uses to issue CSBG funds to eligible entities:			
<input type="radio"/> Reimbursement			
<input type="radio"/> Advance			
<input checked="" type="radio"/> Hybrid			
<input type="radio"/> Other			
The agencies do not have any delay in receiving CSBG funds at any time due to the way the funds are distributed. South Dakota had OCS monitor assessment completed in July 2021. OCS questioned the distribution timeframe at that time and concluded the following: To ensure eligible entities receive funding in a timely manner, South Dakotas policy is to initially use an advance consisting of one-third (1/3) of the entities allotted funds. Further, to minimize risk to the state, the rest of the allotted funding is based on reimbursements. OCS has determined that no action is required.			
7.4. Distribution Timeframe: Does the state plan to make funds available to eligible entities no later than 30 calendar days after OCS distributes the federal award? <input checked="" type="radio"/> Yes <input type="radio"/> No			
7.4a. Distribution Consistency: If no, describe state procedures to ensure funds are made available to eligible entities consistently and without interruption.			
<i>Note: Item 7.4 is associated with State Accountability Measure 2Sa and may prepopulate the state's annual report form.</i>			
7.5. Distribution of Funds Performance Management Adjustment: Describe the state's strategy for improving grant and/or contract administration procedures under this State Plan as compared to past plans. Any improvements should be based on analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any improvements, provide further detail.			
<i>Note: This information is associated with State Accountability Measure 2Sb and may prepopulate the state's annual report form.</i>			
The Customer Satisfaction Index revealed a score of 63, a twenty point drop from 2019s score of 83. The State met with the agencies after receipt of the ACSI and it was determined that the lapse was in how long it takes at times to receive cash draw requests, however this was mainly in another program not related to CSBG. The CSBG goal is to have each financial status request to state office for approval and submission to the finance department in the day received. The funds are then paid out within three weeks or less. The agencies are now more involved in the development of the State Plan by being provided a copy of the draft to be reviewed and discussed before the public hearing takes place. Estimated contract amounts will continue to be provided to the agencies mid to late March, with final contracts being signed in May.

7.6. Allocated Funds: Specify the percentage of your CSBG planned allocation for administrative activities for the FFY(s) covered by this State plan.			
Year One (0.00%)	5.00	Year Two (0.00%)	5.00
7.7. State Staff: Provide the number of state staff positions to be funded in whole or in part with CSBG funds for the FFY(s) covered by this State Plan

7.8. State FTEs: Provide the number of state Full Time Equivalents (FTEs) to be funded with CSBG funds for the FFY(s) covered by this State Plan			
Year One	1.00	Year Two	1.00
7.9. Remainder/Discretionary Funds Use: Does the state have remainder/discretionary funds, as described in Section 675C(b)(1) of the CSBG Act? <input type="radio"/> Yes <input checked="" type="radio"/> No			
If yes, provide the allocated percentage and describe the use of the remainder/discretionary funds in the table below.

<i>If a funded activity fits under more than one category in the table, allocate the funds among the categories. For example, if the state provides funds under a contract with the State Community Action association to provide training and technical assistance to eligible entities and to create a statewide data system, the funds for that contract should be allocated appropriately between Items 7.9a. - 7.9c. If allocation is not possible, the state may allocate the funds to the main category with which the activity is associated.</i>

Note: This response will link to the corresponding CSBG assurance, item 14.2.

7.11. Use of Remainder/Discretionary Funds Performance Management Adjustment:
Describe any adjustments the state will make to the use of remainder/discretionary funds under this State Plan as compared to past plans. Any adjustment should be based on the state's analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any adjustments, provide further detail.

Note: This information is associated with State Accountability Measures 3Sb, and may pre-populate the State's annual report form.

Any funds remaining in the states administrative 5% and all of the discretionary funds are distributed to the agencies using the same formula as the 90% funds. The discretionary funds are to be used for emergency services as defined by the agency. Food, shelter costs, utilities, medical, etc. are appropriate uses for these funds. The State does not intend to make changes in the use of the discretionary funds as these funds are accurately and consistently used by the agencies in the timeline established. Three of the four agencies do supplement the amount of emergency funds that are available through discretionary funds with some of their CSBG allocation or other funds. The States view is that these funds, designated as emergency funds, are critical to the low-income individuals and families served by CSBG.

SECTION 8 State Training and Technical Assistance

8.1. Training and Technical Assistance Plan: Describe the State's plan for delivering CSBG-funded training and technical assistance to eligible entities under this State Plan by completing the table below. The T/TA plan should include all planned CSBG T/TA activities funded through the administrative or remainder/discretionary funds of this CSBG award (as reported in Section 7). The CSBG T/TA plan should include training and technical assistance conducted directly by the state or through partnerships (as specified in 8.3). Add a row for each activity: indicate the timeframe; whether it is training, technical assistance, or both; and the topic.

Note: This information is associated with State Accountability Measure 3Scand pre-populates the Annual Report, Module 1, Table F.1.

8.1a. Training and Technical Assistance Budget: The planned budget for the training and technical assistance plan (*as indicated in the Remainder/Discretionary Funds table in item 7.9*):

Year One	\$0	Year Two	\$0
----------	-----	----------	-----

8.1b. Training and Technical Assistance Collaboration: Describe how the state will collaborate with the state association and other stakeholders in the planning and delivery of training and technical assistance.

The Program Specialist meets with the Community Services Director (state association representative) to develop a survey related to T/TA needs, which is sent to the agencies to complete. From the survey results, the State T/TA plan is developed. The T/TA plan is sent to the agencies for review and feedback and the final plan is sent to the Regional Performance and Innovation Consortia in North Dakota as they are Region 8's lead. (RPIC is funded by OCS cooperative agreement to support state and regional strategy for collaboration, capacity-building, and practice in the CAA network.) \$2,000 in training allowance is provided to the agencies yearly. SD deducts this \$2,000 from the State Administration carry over balance and is provided to the agencies as part of their initial allocation of \$500 each.

8.2. Organizational Standards Technical Assistance: Does the state have Technical Assistance Plans (TAPs) in place for all eligible entities with unmet organizational standards, if appropriate? ☐ Yes ☒ No

Note: 8.2 is associated with State Accountability Measure 6Sb. The state should put a TAP in place to support eligible entities with one or more unmet organizational standards.

8.2a. Address Unmet Organizational Standards: Describe the state's plan to provide T/TA to eligible entities to ensure they address unmet Organizational Standards. The State of South Dakota conducts annual program monitoring of each agency. Following the visit the Program Specialist provides a draft document to the agency within 30 days. The agency has an opportunity to offer corrections or additions. If documentation was missing at the time of review, it may be offered by the 30 day timeframe and will be accepted (examples, approved BOD minutes, updated BOD roster, etc.) Corrections or additions will be considered, but may not be accepted. The monitoring document is finalized. If there are findings, a formal letter is sent with the findings outlined and technical assistance is offered. IM116 would be followed. If the agency corrects within 60 days, no further action is taken and a formal letter is sent accepting the correction. If the agency responds with a plan within 60 days, a TAP is created with monthly follow up. A formal letter is sent when complete. On-site monitoring in 2021 show all 4 agencies to be in compliance in all areas.

8.3. Training and Technical Assistance Organizations: Indicate the types of organizations through which the State Plans to provide training and/or technical assistance as described in item 8.1, and briefly describe their involvement. *[Check all that apply.]*

- ☐ All T/TA is conducted by the state
- ☒ CSBG eligible entities (*if checked, provide the expected number of CSBG eligible entities to receive funds*) 4
- ☐ Other community-based organizations
- ☒ State Community Action association
- ☐ Regional CSBG technical assistance provider(s)
- ☐ National technical assistance provider(s)
- ☐ Individual consultant(s)
- ☐ Tribes and Tribal Organizations
- ☐ Other

8.4. CSBG-Funded T/TA Performance Management Adjustment: Describe adjustments the state made to the training and technical assistance

plan under this State Plan as compared to past plans. Any adjustment should be based on the state's analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any adjustments, provide further detail.

Note: This information is associated with State Accountability Measures 3Sd may pre-populate the state's annual report form

In the past, the State provided \$2,000 to the SD CAP Association to assist in paying for the agencies to receive statewide training as needed. That amount is now distributed to each agency in increments of \$500 for training costs via the CAP and State CSBG Program Specialist setting up the requested training. Any remaining funds from the States allocated Administrative 5% is also provided to the agencies with the flexibility to propose using these funds to pay for staff training. The State and the SD CAP review the surveys delivered to the agencies during the development of the T/TA document and also participate in the Region VIII RPIC where state T/TA needs are identified and plans made to provide those trainings.

SECTION 9 State Linkages and Communication

Note: This section describes activities that the state may support with CSBG remainder/discretionary funds, described under Section 675C(b)(1) of the CSBG Act. The state may indicate planned use of remainder/discretionary funds for linkage/communication activities in Section 7, State Use of Funds, items 7.9(b) and (c).

9.1. State Linkages and Coordination at the State Level:

Describe the linkages and coordination at the state level that the state intends to create or maintain to ensure increased access to CSBG services to low-income people and communities under this State Plan and avoid duplication of services (as required by the assurance under Section 676(b)(5)).

Describe additional information as needed.

Note: This response will link to the corresponding CSBG assurance, item 14.5. In addition, this item is associated with State Accountability Measure 7Sa andand pre-populates the Annual Report, Module 1, Item G.1.

- ☒ State Workforce Innovation and Opportunity Act (WIOA) agency
- ☒ State budget office
- ☒ Supplemental Nutrition Assistance Program (SNAP)
- ☒ State child welfare office
- ☒ State housing office
- ☐ Other

9.2. State Linkages and Coordination at the Local Level:

Describe how the state is encouraging partnerships and collaborations at the state level with public and private sector organizations, to assure the effective delivery and coordination of CSBG services to transform low-income communities and avoid duplication of services (as required by assurances under Sections 676(b)(5) - (6))

Note: This response will link to the corresponding CSBG assurances, items 14.5 and 14.6., and pre-populates the Annual Report, Module 1, Item G.2.

Linkages and coordination are the primary resource for access to CSBG and other services to individuals, families, and communities. State entities and eligible entities work through coalitions and other formal and informal relationships to address identified needs that are currently unmet by other agencies or groups. A variety of issues such as housing (including on reservation areas), needs of incarcerated and paroled persons and their families, community gardens and farmers markets, and thrift stores in remote and rural areas exist. These needs are addressed through linkages with funding sources, governmental agencies, non-profits, and other interested individuals and agencies. The Community Needs Assessment is often the source for identifying unmet or inadequately met needs. The Agency Board of Directors and the agency staff become a catalyst for responding to these needs and aid in increasing access to other resources.

9.3. Eligible Entity Linkages and Coordination

9.3a. State Assurance of Eligible Entity Linkages and Coordination: Describe how the state will assure that eligible entities will partner and collaborate with public and private sector organizations to assure the effective delivery and coordination of CSBG services to low-income people and communities and avoid duplication of services (as required by the assurance under Section 676(b)(5)).

Note: This response will link to the corresponding CSBG assurance, item 14.5.and pre-populates the Annual Report, Module 1, Item G.3a.

The Community Action Agencies are required to report annually through the Online Data Collection (OLDC) their linkages and number of partnerships within those agencies. Linkages are also gathered during the States annual monitor. The agencies identify nearly 1000 entities with which they link to provide services to low-income individuals and families. This is critical to South Dakota as we are a very rural state and no one agency is able to provide all the services that are needed. Work is performed by making and receiving referrals, coordinating efforts, ongoing communication, avoiding duplication and maximizing opportunities via linkages.

9.3b State Assurance of Eligible Entity Linkages to Fill Service Gaps:

Describe how the eligible entities will develop linkages to fill identified gaps in the services, through the provision of information, referrals, case management, and follow-up consultations, according to the assurance under Section 676(b)(3)(B) of the CSBG Act.

Note: This response will link to the corresponding CSBG assurance, item 14.3b., and pre-populates the Annual Report, Module 1, Item G.3b.

The Community Action Agencies work collaboratively with other businesses, non-profits, governmental entities, health services, tribal entities, and other linkages to identify needs, seek and develop strategies, and respond accordingly. All SD agencies in the state provide case management to their clients. Memorandums of understanding and information posted on the agencies websites and other social media, allow them to assist low-income individuals and families in receiving services to move toward self-sufficiency. For example, if there is a need for child care services in a particular community the agency works with their linkages in determining the best method to ensure this need is met.

9.4. Workforce Innovation and Opportunity Act (WIOA) Employment and Training Activities:

Does the state intend to include CSBG employment and training activities as part of a WIOA Combined State Plan, as allowed under the Workforce Innovation and Opportunity Act (*as required by the assurance under Section 676(b)(5) of the CSBG Act*)? ☐ Yes

☒ No

Note: This response will link to the corresponding CSBG assurance, item 14.5.

9.4a. WIOA Combined Plan: If the state selected "yes" under item 9.4, provide the CSBG-specific information included in the state's WIOA Combined Plan. This information includes a description of how the state and the eligible entities will coordinate the provision of employment and training activities through statewide and local WIOA workforce development systems. This information may also include examples of innovative employment and training programs and activities conducted by community action agencies or other neighborhood-based organizations as part of a community antipoverty strategy.

9.4b. Employment and Training Activities: If the state selected "no" under item 9.4, describe the coordination of employment and training activities, as defined in Section 3 of WIOA, by the state and by eligible entities providing activities through the WIOA system.

South Dakota submitted a State Unified Plan rather than a combined plan. The Combined Plan involves report input and submission from all core and required WIOA partners in the same plan, whereas a Unified State Plan focuses upon the Core Partners (the four titles of WIOA) and how those core partners will work with the required partners such as TANF, Housing, Job Corps, SCSEP, etc. This is done through MOUs and other devised strategies. The intended outcome is the same, agencies working together to get individuals the resources needed to better their lives through education, training, skills development, employment and other support mechanisms. There are no additional activities due to the SD Unified Plan.

9.5. Emergency Energy Crisis Intervention:

Describe how the state will assure, where appropriate, that emergency energy crisis intervention programs under Title XXVI (relating to Low-Income Home Energy Assistance) are conducted in each community in the state, as required by the assurance under Section 676(b)(6) of the CSBG Act.

Note: This response will link to the corresponding CSBG assurance, item 14.6.

In South Dakota, the Low Income Energy Assistance Program is implemented through the SD DSS Division of Economic Assistance. CSBG is administered through this same division but with different lead staff. The program staff and administrators of LIHEAP and CSBG coordinate efforts to meet the needs of the emergency services offered by the eligible entities.

9.6. Faith-based Organizations, Charitable Groups, Community Organizations:

Describe how the state will assure local eligible entities will coordinate and form partnerships with other organizations, including faith-based organizations, charitable groups, and community organizations, according to the state's assurance under Section 676(b)(9) of the CSBG Act.

Note: this response will link to the corresponding assurance, item 14.9.

The eligible entities are required to sign assurances as part of the annual Community Action Plan. These assurances are similar to those that the State signs. During annual monitoring, partnerships and linkages are identified, including faith-based organizations, charitable groups, and community organizations which assist in meeting the needs of their clients and communities.

9.7. Coordination of Eligible Entity 90 Percent Funds with Public/Private Resources:

Describe how the eligible entities will coordinate CSBG 90 percent funds with other public and private resources, according to the assurance under Section 676(b)(3)(C) of the CSBG Act.

Note: this response will link to the corresponding assurance, item 14.3c.

At least 90% of CSBG funds are required to be used to maximize and leverage additional and private resources, funds, and grants. The use of these funds assist low-income individuals, families and communities to move toward self-sufficiency. Discretionary funds are also provided to the eligible entities to use for emergency services.

9.8. Coordination among Eligible Entities and State Community Action Association:

Describe state activities for supporting coordination among the eligible entities and the state community action association.

Note: This information will pre-populate the Annual Report, Module 1, Item G.5.

There are four eligible entities throughout the small, rural state of South Dakota. The agencies serve geographically large service areas, with smaller satellite sites staffed by part-time or full-time staff. One agency uses county-based Community Action Teams. Volunteers also implement programs in the counties being served. There is not a formal Community Action Association in SD. A staff person from one agency services as the State Coordinator for the Association as the Community Services Director for CSBG within the agency. The State Program Specialist works closely with the agencies and the Community Services Director to ensure training and/or technical assistance is provided. The State provides \$500 to each agency per year to assist with costs of training and technical assistance.

9.9. Communication with Eligible Entities and the State Community Action Association:

In the table below, detail how the state intends to communicate with eligible entities, the state community action association, and other partners identified under this State Plan on the topics listed below. For any topic that is not applicable, select "Not Applicable" under Expected Frequency.

9.10. Feedback to Eligible Entities and State Community Action Association:

Describe how the state will provide information to local entities and state community action associations regarding performance on state accountability measures.

Note: This information is associated with State Accountability Measure 5S(iii). and will pre-populate the Annual Report, Module 1, Item G.6

The Program Specialist for CSBG and the DSS Division Director meet with the four agencies quarterly. The CSBG Program Specialist meets monthly with each agency Executive Director and staff they choose to have attend to ensure any training and technical needs are being met, CSBG updates are given, and to generally communicate about the program and services being provided. Annual monitoring conducted by the Program Specialist ensures compliance to work plans and a review of performance outcomes.

9.11. Communication Plan Performance Management Adjustment:

Describe any adjustments the state made to the Communication Plan in this State Plan as compared to past plans. Any adjustment should be based on the state's analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any adjustments, provide further detail.

Note: This information is associated with State Accountability Measures 7Sb; this response may pre-populate the state's annual report form.

The ACSI of 2021 results demonstrated the agencies request to be more involved in the development of the State Plan. This change has taken place and once the CSBG Program Specialist outlined the State Plan it was sent to the agencies for review and comment. A meeting with all agencies was held to make adjustments prior to a final review with the DSS Division Director and the public hearing. As stated above, monthly, quarterly and as-needed meetings take place to ensure satisfactory communication continues between the state and the agencies.

Monitoring, Corrective Action and Fiscal Controls (Section 678B(a) of the Act)

10.1. Specify the proposed schedule for planned monitoring visits - including full on-site reviews; on-site reviews of newly designated entities; follow-up reviews - including return visits to entities that failed to meet State goals, standards, and requirements; and other reviews as appropriate.

This is an estimated schedule to assist states in planning. States may indicate "no review" for entities the state does not plan to monitor in the performance period.

10.2. Monitoring Policies:

Provide a copy of state monitoring policies and procedures by attaching and/or providing a hyperlink.

Monitoring is an on-going process and is not limited to periodic on-site monitoring visits. The on-going process includes: review and approval of grant applications; review of monthly financial status reports; review of independent audit reports and management letters; review of governing boards, meeting notices, agendas and minutes; monthly reports submitted to the state agency from the agencies; and review of financial records. Because the State believes that a strong partnership is based on communication and knowledge of programs and services, the State will do visits annually. The monitoring guide used and specific program elements reviewed may be adjusted from year to year. CSBG provides foundational funding that enables community action agencies to operate. Though CSBG funding may represent a small portion of an agency's total revenue, the State believes it is a large percentage of a community action agency's identity. All agency operations that benefit from the Community Services Block Grant are subject to review and evaluation by the state CSBG office. The monitoring visit serves three general purposes: to foster a partnership through an open discussion between the state office staff and the grantee staff; to gain a general overview, or "big picture," of the grantee's work; and to verify compliance with funding source rules and regulations. The process includes a financial review conducted by staff in the DSS Office of Finance Provider Reimbursements and an on-site visit for program monitoring by the CSBG Program Specialist.

10.3. Initial Monitoring Reports:

According to the state's procedures, by how many calendar days must the State disseminate initial monitoring reports to local entities?

Note: This item is associated with State Accountability Measure 4Sa(ii) and may pre-populate the state's annual report form.

30

Corrective Action, Termination and Reduction of Funding and Assurance Requirements (Section 678C of the Act)

10.4. Closing Findings:

Are state procedures for addressing eligible entity findings/deficiencies and documenting the closure of findings, included in the State monitoring protocols attached above? ☐ Yes ☒ No

10.4a. Closing Findings Procedures: If no describe state procedures for addressing eligible entity findings/deficiencies, and documenting the closure of findings.

If an eligible entity fails to comply with the terms of their contract to provide services under this subtitle, or to meet appropriate standards, goals, and other requirements established by the state, including performance objectives the State will take the following steps: Inform the eligible entity by formal

letter of the deficiency and the requirement to correct it. This includes an offer of training and technical assistance to assist in correcting the problem; At the States discretion, the eligible entity may be required to develop and implement a quality improvement plan within 60 days after being informed of the deficiency. Once the State approves the plan, the Secretary is notified. The State follows the progress of the plan to its end and if successful, notifies the Secretary. IM 116 is to be followed.

10.5. Quality Improvement Plans (QIPs):

Provide the number of eligible entities currently on QIPs, if applicable.

Note: The QIP information is associated with State Accountability Measures 4Sc.

0

10.6. Reporting of QIPs:

Describe the state's process for reporting eligible entities on QIPs to the Office of Community Services within 30 calendar days of the State approving a QIP

Note: This item is associated with State Accountability Measures 4Sa(iii).

Within 30 days after receipt of the plan of action from the eligible entity, the State will approve or deny the Technical Assistance Plan or Quality Improvement Plan and send a formal letter explaining the decision. In the case of a QIP, the State prepares and submits to the HHS Secretary a detailed report on the determination.

10.7. Assurance on Funding Reduction or Termination:

The state assures, "that any eligible entity that received CSBG funding the previous fiscal year will not have its funding terminated or reduced below the proportional share of funding the entity received in the previous fiscal year unless, after providing notice and an opportunity for a hearing on the record, the State determines that cause exists for such termination or such reduction, subject to review by the Secretary as provided in Section 678C(b)" per Section 676(b)(8). ☒ Yes ☐ No

Note: This response will link with the corresponding assurance under item 14.8.

Policies on Eligible Entity Designation, De-designation, and Re-designation

10.8. Eligible Entity Designation: Do the State CSBG statute and/or regulations provide for the designation of new eligible entities? ☐ Yes ☒ No

10.8a. New Designation Citation: If yes, provide the citation(s) of the law and/or regulation.

10.8b. New Designation Procedures: If no, describe state procedures for the designation of new eligible entities and how the procedures were made available to eligible entities and the public

If any geographical area of the State is not, or ceases to be served by an eligible entity, the state will first collaborate with the existing CAP agencies to see if they are able to serve additional counties. If not, the Governor or the Cabinet Secretary of the Department of Social Services may solicit applications from and designate as an eligible entity to one of the following: A private non-profit that is geographically located in the unserved area and able to provide a broad range of services designed to eliminate poverty and foster self-sufficiency; A private non-profit eligible entity that is geographically located in an area contiguous to, or within a reasonable proximity of, the unserved area and is already providing related services in that area and has a tripartite board as required by the CSBG Act; Or if no private, non-profit organization is identified to be qualified, an appropriate political subdivision of the State may be appointed to serve as an eligible entity for the unserved area. A formal process for evaluating applications and officially designating a new eligible entity will be developed. The procedure will be shared with the eligible entities and public via email, newspaper announcements, state website public notice, and social media outlets.

10.9. Eligible Entity Termination: Do State CSBG statute and/or regulations provide for termination of eligible entities ☐ Yes ☒ No

10.9a. Termination Citation: If yes, provide the citation(s) of the law and/or regulation.

10.9b. Termination Procedures: If no, describe state procedures for termination of new eligible entities and how the procedures were made available to eligible entities and the public

IM 116 would be used as guidance. There are no written state procedures for termination of new eligible entities as that circumstance has not occurred. The CSBG Policy and Procedure manual will be updated to include a procedure for termination.

10.10. Does the State CSBG statute and/or regulations specify a process the State CSBG agency must follow to re-designate an existing eligible entity? ☐ Yes ☒ No

10.10a. If Yes, provide the citation(s) of the law and/or regulation.

10.10b. If No, describe State procedures for re-designation of existing eligible entities.

IM 116 would be used and the process described in 10.8b. The CSBG Policy and Procedure manual will be updated to include a procedure for termination.

Fiscal Controls and Audits and Cooperation Assurance

10.11. Fiscal Controls and Accounting:

Describe how the state's fiscal controls and accounting procedures will a) permit preparation of the SF-425 Federal fiscal reports (FFR) and b) permit the tracing of expenditures adequate to ensure funds have been used appropriately under the block grant, as required by Block Grant regulations applicable to CSBG at 45 CFR 96.30(a).

By statute, South Dakota complies with the fund classification structure established by the Governmental Accounting and Financial Reporting Standards. Along with the fund classification, DSS uses unique identifiers in the account and center to specifically track expenditures by division, type of funding, unique federal grants, and unique programs. For the purposes to track specific grants there are three separate identifies used Company, Account, and Center. The Company is used to show what type of fund the expenditures fall in, such as Governmental Funds, Proprietary Funds, Fiduciary Funds, etc. Federal expenditures are tracked with a 2000 series. For DSS the Company is 2004. The accounting system field, called Account, is where the Chart of Accounts entries are coded. The Account is used to track what the funds are spent for, such as salaries, contracts, supplies, etc. The ninth digit of the Account is used to identify the federal grant year the costs are pertaining to. The Center is used to track expenditures in more detail. It is a twelve digit code that can be broken down into two parts Program and Funding Source. Program: First seven digits in Center are used to indicate the organizational unit charged with responsibility to expend funds. Budget Unit: a three or four digit component of Program that denotes General Appropriation Bill authority. The Budget Unit signifies the State Department and the Division within the Department. Activity: a three or four digit component of Program signifying an organization unit within an agency. Funding Source: Five digits in Center used to indicate the origin of funds and required detailed reporting levels. Source: a three digit component of the Funding Source used to identify a revenue source, such as a grant of funds tracked for a specific purpose. A comprehensive list of Sources is maintained by BFM. Source identifiers beginning with an alpha character are Major Federal Assistance Programs and are specific to a CFDA number. Sub fund: a two digit component of the Cost Center that identifies further detailed reporting or tracking

levels of a funding source. The Sub fund is agency defined as needed, but it must be two digits in length. Example Company Account Center 2004 520607010 082150006602 would be the Center used for Federal Fiscal year 2022 CSBG funding.

10.12. Single Audit Management Decisions:

Describe state procedures for issuing management decisions for eligible entity single audits, as required by Block Grant regulations applicable to CSBG at 45 CFR 75.521.

Note: This information is associated with State Accountability Measure 4Sd.

Does DSS have a requirement for subrecipients to submit their single audit reports? Yes. When audit reports on sub-recipients are received by Provider Reimbursements and Audits Division of DSS, the material reports are recorded on a worksheet showing the name of the sub-recipient agency, the period audited, the date the report was received at DSS, and the date PRA actually reviewed the report. Uniform Guidance requires that any findings noted in the report are to be followed up on and corrective action taken is to be evaluated within six months of the date that DSS receives the report. If any findings affecting DSS awards are discovered in the audit report, PRA contacts the agency responsible for the grant to inform them of the issue. A letter is sent to the sub-recipient describing any findings noted in the report and inquiring as to the corrective action taken. Copies of this letter are also forwarded to the Administrator of the program(s) for which the finding was issued. If it is determined during the review that the sub-recipient is not meeting the requirements of the award, DSS will formally communicate all findings in a letter to the sub-recipient. The Department will give the sub-recipient 30 days to formally respond to the review findings with a written corrective action plan to be completed by the sub-recipient to ensure they are in compliance going forward. If the corrective action plan is not received with 30 days, the Department will withhold funding until the corrective action plan has been received. The plan is reviewed, further clarification may be requested, and ultimately a plan is accepted. Goals within that plan are monitored.

10.13. Assurance on Federal Investigations:

The state will "permit and cooperate with Federal investigations undertaken in accordance with Section 678D" of the CSBG Act, as required by the assurance under Section 676(b)(7) of the CSBG Act. ☒ Yes ☐ No

Note: This response will link with the corresponding assurance, Item 14.7.

10.13a. Federal Investigations Policies: Are state procedures for permitting and cooperating with federal investigations included in the state monitoring policies attached under 10.2? ☒ Yes ☐ No

10.13b. Closing Findings Procedures: If no, describe state procedures for permitting and cooperating with federal investigations.

10.14. Monitoring Procedures Performance Management Adjustment:

Describe any adjustments the state made to monitoring procedures in this State Plan as compared to past plans? Any adjustment should be based on the state's analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any adjustments, provide further detail.

Note: This item is associated with State Accountability Measure 4Sb and may pre-populate the state's annual report form.

Although a monitor can be completed once every three years, the State of SD chooses to do an on-site monitor each year. The monitor form is reviewed for any needed modifications prior to completion of the form with the agencies. It includes the organizational standards and other pertinent items. Current modifications made were adding a separate section for Disaster Relief Supplemental Funds reporting and CARES ACT funding. The current form meets the needs of the State and the agencies to complete a thorough annual monitor.

SECTION 11 Eligible Entity Tripartite Board

11.1. Tripartite Board Verification: Verify which of the following measures are taken to ensure that the state verifies CSBG Eligible Entities are meeting Tripartite Board requirements under Section 676B(a)(2) of the CSBG Act *[Check all that applies and narrative where applicable]*

- ☒ Attend Board meetings
- ☒ Organizational Standards Assessment
- ☒ Monitoring
- ☒ Review copies of Board meeting minutes
- ☒ Track Board vacancies/composition
- ☐ Other

11.2. Tripartite Board Updates: Provide how often the state require eligible entities (which are not on TAPs or QIPs) to provide updates regarding their Tripartite Boards. This includes but is not limited to copies of meeting minutes, vacancy alerts, changes to bylaws, low-income member selection process, etc., *[Select one and narrative where applicable]*

- ☐ Annually
- ☐ Semiannually
- ☐ Quarterly
- ☒ Monthly
- ☐ As it Occurs
- ☐ Other

11.3. Tripartite Board Representation Assurance: Describe how the state will verify that eligible entities have policies and procedures by which individuals or organizations can petition for adequate representation on an eligible entity's Tripartite Board as required by the assurance under Section 676(b)(10) of the CSBG Act

Note: This response will link with the corresponding assurance, item 14.10.

As part of annual monitoring, the Program Specialist reviews the policy or bylaw that documents the process used to allow individuals or organizations to petition for representation on the Tripartite Board. If that action has occurred in the past year, the Program Specialist reviews the documentation related to the petition. The agencies are required to submit a current copy of the bylaws with each annual monitor.

11.4. Tripartite Board Alternative Representation: Does the state permit public eligible entities to use, as an alternative to a Tripartite Board, "another mechanism specified by the state to assure decision-making and participating by low income individuals in the development, planning, implementation, and evaluation of programs" as allowed under Section 676B(b)(2) of the CSBG Act. ☐ Yes ☒ No

11.4a. Tripartite Board Alternative Mechanism: If yes, describe the mechanism used by public eligible entities as an alternative to a Tripartite Board.

SECTION 12 Individual and Community Income Eligibility Requirements

12.1. Required Income Eligibility:

Provide the income eligibility threshold for services in the state.

[Check one item below.]

☒ 125% of the HHS poverty line ☐ X% of the HHS poverty line (fill in the threshold) ☐ Varies by eligible entity

0% % *[Response Option: numeric field]*

12.1a. Income Eligibility Policy and Procedures: Describe any state policy and/or procedures for income eligibility, such as treatment of income and family/household composition.

Verifying individual or family income is completed by the intake person of each agency. A hierarchy of review occurs: A review of household income received in the past 4 weeks; or if there has been no income in that period of time, a review of any income received in the past three months; or if there has been no income in that period of time, a review of income in the past year is completed. The adjusted gross income for self-employed individuals is used from the last tax return. Seasonal workers are asked for income in the past year as they may work in more than one season. If no income is documented, individuals sign a self-declaration of eligibility. With returning clients, eligibility is completed one time per year or the first time in a year's period that an individual or family requests services. If there is a break in receiving services, the intake worker asks for any changes in income, employment, household composition, etc. since the last service request.

12.2. Income Eligibility for General/Short-Term Services:

Describe how the state ensures eligible entities generally verify income eligibility for those services with limited in-take procedures (where individual income verification is not possible or practical). An example of these services is emergency food assistance.

The process described in 12.1a. above is the same procedure used for emergency services.

12.3. Community-targeted Services: Describe how the state ensures eligible entities' services target and benefit low-income communities for services that provide a community-wide benefit (e.g., development of community assets/facilities, building partnerships with other organizations).

The eligible entities design and implement targeted community-based services established from the community needs assessment results, customer satisfaction surveys and agency strategic planning. When agencies provide services that offer a community wide benefit, they include specific outcomes related to how they will target and benefit the community. An example of a community wide service is Thrift Stores. They provide low-income residents the ability to purchase household and personal items at a significantly reduced price. Partnerships with other organizations aide in identifying additional resources and referrals for increased self-sufficiency. Partnerships also help in preventing duplication of services or programs, provide increased expertise and knowledge of resources available, and more innovative opportunities for service development for low-income communities which promotes well-being and self-sufficiency.

Section 13: Results Oriented Management and Accountability (ROMA) System

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES
Administration for Children and Families
Community Services Block Grant (CSBG)

Form Approved
OMB No: 0970-0382
Expires:08/30/2024

SECTION 13 Results Oriented Management and Accountability (ROMA) System

13.1. Performance Measurement System:

Identify the performance measurement system that the state and all eligible entities use, as required by Section 678E(a) of the CSBG Act and the assurance under Section 676(b)(12) of the CSBG Act.

Note: This response will also link to the corresponding assurance, Item 14.12. and will pre-populate the Annual Report, Module I, Item I.1.

- ☒ The Results Oriented Management and Accountability (ROMA) System
- ☐ Another performance management system that meets the requirements by Section 678E(b) of the CSBG Act
- ☐ An alternative system for measuring performance and results

13.1a. ROMA Description: If ROMA was chosen in Item 13.1, describe the state's written policies, procedures, or guidance documents on ROMA.

Enacted in 1993, the Government Performance and Results Act (GPRA) was designed to improve program management throughout the Federal Government. The GPRA Modernization Act enacted in 2010 updated some of the aspects of the original GPRA. As part of this federal mandate, grantees are required to collect and report performance data using an approved measurement tool. The Community Services Network is guided by three broad anti-poverty goals: Individuals and families with low incomes are stable and achieve economic security; Communities where people with low incomes live are healthy and offer economic opportunity; and people with low incomes are engaged and active in building opportunities in communities. To accomplish these goals, community action agencies are encouraged to undertake a number of ROMA implementation actions that focus on results-oriented management and accountability. Results-oriented management include: assess poverty needs and conditions within the community; define a clear agency anti-poverty mission for community action and a strategy to address those needs; identify specific improvements, or results, to be achieved among low-income people and the community; and implement programs, services, and activities within the agency and among partnering organizations to achieve the anticipated results. Results-oriented accountability include: to develop and implement strategies to measure and record improvements in the condition of low-income people and communities in which they live that result from community action intervention; and use outcomes to determine the overall effectiveness when reporting to the agency tripartite board and staff to determine long-range goals, support agency advocacy, funding, and community partnership activities.

13.1b. Alternative System Description: If an alternative system was chosen in Item 13.1, describe the system the state will use for performance measurement.

13.2. Outcome Measures: Indicate and describe the outcome measures the state will use to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization, as required under Section 676(b)(12) of the CSBG Act.

Note: This response will also link to the corresponding assurance, Item 14.12.

- ☒ CSBG National Performance Indicators (NPIs)
- ☐ NPIs and others
- ☐ Others

The State reviews each agencies community needs assessment summaries and their strategic plans. The agencies submit an annual community action work plan that identifies the services and programs that they will offer during the year, including those that do not use CSBG funding each contract year. Their plans discuss the services, strategies, and numbers of persons they hope to assist during the year. The plans must be approved by the state. Additionally, plans are discussed during the annual monitoring visit to determine if any changes were made to them. The agencies provide monthly reports that discuss additional issues or unmet needs that they have been identified. They submit monthly billing requests which show the funds spent in each domain, and complete amendments if funds need to be moved to another service area. Finally, annual reporting is completed within OLDC and the data is used to measure performance.

13.3. Eligible Entity Support: Describe how the state supports the eligible entities in using the ROMA or alternative performance measurement system.

Note: The activities described under Item 13.3 may include activities... listed in "Section 8: State Training and Technical Assistance." If so, mention briefly, and/or cross-reference as needed. This response will also link to the corresponding assurance, item 14.12.

The activities in Section 8 for T/TA cross reference in this area as the state coordinates with the Community Service Director to determine agency needs, provide funding for training, and annual monitoring to discuss unmet needs as well. SD had a certified ROMA trainer but with that position currently vacant, the State Program Specialist and the SD Community Action Partnership Coordinator will begin to take courses to become ROMA certified. Tripartite Boards receive information on ROMA annually. For annual reporting, training has taken place and will continue as needed for entry of information into OLDC.

13.4. Eligible Entity Use of Data:

Describe how is the state plan to validate the eligible entities that are using data to improve service delivery?

Note: This response will also link to the corresponding assurance, Item 14.12.

The State uses ROMA (logic model) as a basis for the program descriptions that the agencies submit to receive funding. In each program description they are asked what measurement or identifiers will be used to document outcomes. The annual report in OLDC submitted by each agency reports on those outcome measures as well. As part of annual monitoring, the agencies may identify services that did not meet goals and establish strategies to improve the program delivery.

Community Action Plans and Needs Assessments

13.5. Community Action Plan: Describe how the state will secure a Community Action Plan from each eligible entity, as a condition of receipt of CSBG funding by each entity, as required by Section 676(b)(11) of the CSBG Act.

Note: this response will link to the corresponding assurance, Item 14.11.

Each spring, agencies are required to submit a Community Action Plan as a condition of receiving the contract. The documents required include: application information; agency certification; CSBG grant program assurances; agency work plan worksheets or community initiative forms; other sources of agency income; and proposed CSBG and agency-wide budgets. During annual monitoring further documents are collected: a summary of the latest community survey; audits and accounting systems reports; other requirements through by-laws, personnel policies, articles of incorporation/documentation of 501 (c) (3) Status e; affirmative action plan; organizational chart; and board of directors membership and the tripartite sector each fulfills; and certifications.

13.6. Community Needs Assessment:

Describe how the State will assure that each eligible entity includes a community needs assessment for the community served (which may be coordinated with community needs assessments conducted by other programs) in each entity's Community Action Plan, as required by Section 676(b)(11) of the CSBG Act.

Note: this response will link to the corresponding assurance, Item 14.11.

The summary of the latest community survey is submitted by each eligible entity as part of the Community Action Plan and/or during annual monitoring visits so discussions can take place around any new unmet needs discovered within the year.

SECTION 14 CSBG Programmatic Assurance and Information Narrative (Section 676(b) of the CSBG Act)

14.1 Use of Funds Supporting Local Activities

CSBG Services

14.1a. 676(b)(1)(A): Describe how the state will assure "that funds made available through grant or allotment will be used -

(A) to support activities that are designed to assist low-income families and individuals, including families and individuals receiving assistance under title IV of the Social Security Act, homeless families and individuals, migrant or seasonal farm workers, and elderly low-income individuals and families, and a description of how such activities will enable the families and individuals--

- (i) to remove obstacles and solve problems that block the achievement of self sufficiency (particularly for families and individuals who are attempting to transition off a State program carried out under part A of title IV of the Social Security Act);
- (ii) to secure and retain meaningful employment;
- (iii) to attain an adequate education with particular attention toward improving literacy skills of the low-income families in the community, which may include family literacy initiatives;
- (iv) to make better use of available income;
- (v) to obtain and maintain adequate housing and a suitable living environment;
- (vi) to obtain emergency assistance through loans, grants, or other means to meet immediate and urgent individual and family needs;
- (vii) to achieve greater participation in the affairs of the communities involved, including the development of public and private grassroots partnerships with local law enforcement agencies, local housing authorities, private foundations, and other public and private partners to -
 - (I) document best practices based on successful grassroots intervention in urban areas, to develop methodologies for widespread replication; and
 - (II) strengthen and improve relationships with local law enforcement agencies, which may include participation in activities such as neighborhood or community policing efforts;

The SD agencies address needs identified by the community needs assessment, the Board for Directors, community feedback, and other sources. The community action plan includes a compilation of services and activities to address individual and community needs and tie each of those to one of the National Performance Indicators. The state supports activities that are designed to assist low-income individuals and families including those receiving assistance under part A of Title IV of the Social Security Act, those whom are homeless, migrant or seasonal farm workers, and low-income elderly to provide them services to become self-sufficient. A few examples of services the agencies provide are employment assistance, transitional housing, rural transportation, small business development, food assistance, medical equipment lending and thrift stores.

Needs of Youth

14.1b. 676(b)(1)(B) Describe how the state will assure "that funds made available through grant or allotment will be used -

(B) to address the needs of youth in low-income communities through youth development programs that support the primary role of the family, give priority to the prevention of youth problems and crime, and promote increased community coordination and collaboration in meeting the needs of youth, and support development and expansion of innovative community-based youth development programs that have demonstrated success in preventing or reducing youth crime, such as--

- (i) programs for the establishment of violence-free zones that would involve youth development and intervention models (such as models involving youth mediation, youth mentoring, life skills training, job creation, and entrepreneurship programs); and
- (ii) after-school child care programs;

Among the services offered for low-income youth in coordination with other resources are Head Start, Early Head Start, summer youth program support, recreational program support, summer youth swim passes, school supplies, mitten and angel trees, and transportation for education.

Coordination of Other Programs

14.1c. 676(b)(1)(C) Describe how the state will assure "that funds made available through grant or allotment will be used -

(C) to make more effective use of, and to coordinate with, other programs related to the purposes of this subtitle (including state welfare reform efforts)

The agencies coordinate with other non-profits, faith-based organizations, governmental agencies, service providers, and volunteers to assure that as much funding as possible becomes available for service and program success. Maximizing any resources, leveraging funds and grants, and coordination and collaboration are the focus of services to assist individuals, families, and communities. Linkages developed by the agencies to fill gaps in services, through the provision of information, referrals, case management, and follow up that develop and maintain networks with staff of other service agencies and providers both for accurate referrals and avoiding duplication effort. When the agency's services are not able to fulfill an individuals needs or whose needs may be more appropriately met by another resource, referrals are provided. Staff of the agencies may step into a case management role when

working with individuals who are moving toward self-sufficiency by coordinating with several other agencies to achieve their goals. Follow along and follow up services are offered as well. Examples of inter-agency coordination and collaboration are energy assistance programs, home loan Section 14 CSBG Programmatic Assurances and Information Narrative 52 assistance and home rehabilitation programs, food bank nutrition programs, and Dept. of Labor for TANF referrals.

State Use of Discretionary Funds

14.2 676(b)(2) Describe "how the state intends to use discretionary funds made available from the remainder of the grant or allotment described in section 675C(b) in accordance with this subtitle, including a description of how the state will support innovative community and neighborhood-based initiatives related to the purposes of this subtitle."

Note: The State describes this assurance under "State Use of Funds: Remainder/Discretionary," items 7.9 and 7.10

Eligible Entity Service Delivery, Coordination, and Innovation

14.3. 676(b)(3) "Based on information provided by eligible entities in the state, a description of..."

14.3a. 676(b)(3)(A) Describe "the service delivery system, for services provided or coordinated with funds made available through grants made under 675C(a), targeted to low-income individuals and families in communities within the state;

The service delivery and coordination is the same as described in 14.1c. above when it comes to use of the discretionary funds. In South Dakota, the 5% discretionary funds are distributed along with the mandated 90% at the beginning of each contract period and are to be used for emergency services during the contract period.

Eligible Entity Linkages - Approach to Filling Service Gaps

14.3b. 676(b)(3)(B) Describe "how linkages will be developed to fill identified gaps in the services, through the provision of information, referrals, case management, and followup consultations."

Note: The state describes this assurance in the state linkages and communication section, item 9.3b.

The Community Action Agencies work collaboratively with other businesses, non-profits, governmental entities, health services, tribal entities, and other linkages to identify needs, seek and develop strategies, and respond accordingly. All SD agencies in the state provide case management to their clients. Memorandums of understanding and information posted on the agencies websites and other social media, allow them to assist low-income individuals and families in receiving services to move toward self-sufficiency. For example, if there is a need for child care services in a particular community the agency works with their linkages in determining the best method to ensure this need is met.

Coordination of Eligible Entity Allocation 90 Percent Funds with Public/Private Resources

14.3c. 676(b)(3)(C) Describe how funds made available through grants made under 675C(a) will be coordinated with other public and private resources."

Note: The state describes this assurance in the state linkages and communication section, item 9.7.

At least 90% of CSBG funds are required to be used to maximize and leverage additional and private resources, funds, and grants. The use of these funds assist low-income individuals, families and communities to move toward self-sufficiency. Discretionary funds are also provided to the eligible entities to use for emergency services.

Eligible Entity Innovative Community and Neighborhood Initiatives, Including Fatherhood/Parental Responsibility

14.3d. 676(b)(3)(D) Describe "how the local entity will use the funds [made available under Section 675C(a)] to support innovative community and neighborhood-based initiatives related to the purposes of this subtitle, which may include fatherhood initiatives and other initiatives with the goal of strengthening families and encouraging parenting."

Note: The description above is about eligible entity use of 90 percent funds to support these initiatives. States may also support these types of activities at the local level using State remainder/discretionary funds, allowable under Section 675C(b)(1)(F). In this State Plan, the State indicates funds allocated for these activities under item 7.9(f).

Initiatives and project examples include: Employment: Job training - worksites for Experience Works; Social Services work programs - TANF; job creation - loan programs; small business development counseling; community development. Education: Head Start/Early Head Start; daycare and child development; child care education; parenting classes; referral for GED/Adult education; school supplies; tenant education; nutrition education; gardening kits. Income Management: Energy and finance counseling; consumer education; tax credit counseling and assistance through VITA; referrals to Senior Health Insurance and Information Education (SHIINE) program; weatherization program; rural transportation projects; clothing and thrift stores; personal care items. Housing: Home ownership counseling; self-help housing projects; home rehabilitation; rent/deposit assistance. Emergency Assistance: Energy assistance; food; clothing; emergency shelter; aid for homelessness; disaster relief; crisis loans. Nutrition: Garden projects; food preservation materials; food pantries, commodities; senior nutrition programs; nutrition education. Linkages: Volunteers; neighborhood development; community development; community action teams; community service workers; faith-based projects; transportation projects; inter-agency resource projects; services for victims of domestic violence; summer youth recreation passes; community agencies; state agencies. Health: Transportation to health services; medical equipment lending, personal care products. Self-Sufficiency: Financial counseling; self-sufficiency planning; transitional housing for homeless families; Dakota Dream (IDA)

Eligible Entity Emergency Food and Nutrition Services

14.4. 676(b)(4) Describe how the state will assure "that eligible entities in the state will provide, on an emergency basis, for the provision of such supplies and services, nutritious foods, and related services, as may be necessary to counteract conditions of starvation and malnutrition among low-income individuals."

Community Action Agencies in South Dakota host community-level food pantries in several counties within established service areas. They also coordinate with and, in some cases partially fund, existing food pantries in counties where they are run by other entities. The agencies have protocols for

making and receiving referrals with other programs and services in all areas. In addition, they work with the SD Department of Social Services for referrals to the Supplemental Nutrition Assistance Program and county welfare offices for other life necessities. Thrift stores are supported or hosted by some agencies in areas where there are no other sources for clothing or household items within a specific distance. Agency staff members serve on local emergency needs committees in several areas to bring the agencies resources to low-income individuals and families and provide referrals to other available resources.

State and Eligible Entity Coordination/linkages and Workforce Innovation and Opportunity Act Employment and Training Activities

14.5. 676(b)(5) Describe how the state will assure "that the state and eligible entities in the state will coordinate, and establish linkages between, governmental and other social services programs to assure the effective delivery of such services, and [describe] how the State and the eligible entities will coordinate the provision of employment and training activities, as defined in section 3 of the Workforce Innovation and Opportunity Act, in the state and in communities with entities providing activities through statewide and local workforce development systems under such Act."

Note: The state describes this assurance in the state linkages and communication section, items 9.1, 9.2, 9.3a, 9.4, 9.4a, and 9.4b.

State Coordination/Linkages and Low-income Home Energy Assistance

14.6. 676(b)(6) Provide "an assurance that the state will ensure coordination between antipoverty programs in each community in the state, and ensure, where appropriate, that emergency energy crisis intervention programs under title XXVI (relating to low income home energy assistance) are conducted in such community."

Note: The state describes this assurance in the state linkages and communication section, items 9.2 and 9.5.

Federal Investigations

14.7. 676(b)(7) Provide "an assurance that the state will permit and cooperate with Federal investigations undertaken in accordance with section 678D." Yes

Note: The state addresses this assurance in the Fiscal Controls and Monitoring section, item 10.13.

Funding Reduction or Termination

14.8. 676(b)(8) Provide "an assurance that any eligible entity in the state that received funding in the previous fiscal year through a community services block grant made under this subtitle will not have its funding terminated under this subtitle, or reduced below the proportional share of funding the entity received in the previous fiscal year unless, after providing notice and an opportunity for a hearing on the record, the state determines that cause exists for such termination or such reduction, subject to review by the Secretary as provided in section 678C(b)." Yes

Note: The state addresses this assurance in the Fiscal Controls and Monitoring section, item 10.7.

Coordination with Faith-based Organizations, Charitable Groups, Community Organizations

14.9. 676(b)(9) Describe how the state will assure "that the state and eligible entities in the state will, to the maximum extent possible, coordinate programs with and form partnerships with other organizations serving low-income residents of the communities and members of the groups served by the state, including religious organizations, charitable groups, and community organizations."

Note: The state describes this assurance in the state Linkages and Communication section, item 9.6.

Eligible Entity Tripartite Board Representation

14.10. 676(b)(10) Describe how "the state will require each eligible entity in the state to establish procedures under which a low-income individual, community organization, or religious organization, or representative of low-income individuals that considers its organization, or low-income individuals, to be inadequately represented on the board (or other mechanism) of the eligible entity to petition for adequate representation."

Note: The state describes this assurance in the Eligible Entity Tripartite Board section, 11.3.

As part of annual monitoring, the Program Specialist reviews the policy or bylaw that documents the process used to allow individuals or organizations to petition for representation on the Tripartite Board. If that action has occurred in the past year, the Program Specialist reviews the documentation related to the petition. The agencies are required to submit a current copy of the bylaws with each annual monitor.

Eligible Entity Community Action Plans and Community Needs Assessments

14.11. 676(b)(11) Provide "an assurance that the state will secure from each eligible entity in the services block grant made under this subtitle for a program, a community action plan (which shall be submitted to the Secretary, at the request of the Secretary, with the State plan) that includes a community-needs assessment for the community served, which may be coordinated with community-needs assessments conducted for other programs."

Note: The state describes this assurance in the ROMA section, items 13.5 and 13.6.

State and Eligible Entity Performance Measurement: ROMA or Alternate system

14.12. 676(b)(12) Provide "an assurance that the state and all eligible entities in the State will, not later than fiscal year 2001, participate in the Results Oriented Management and Accountability System, another performance measure system for which the Secretary facilitated development pursuant to 678E(b), or an alternative system for measuring performance and results that meets the requirements of that section, and [describe] outcome measures to be used to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization."

Note: The state describes this assurance in the ROMA section, items 13.1, 13.2, 13.3, and 13.4.

Validation for CSBG Eligible Entity Programmatic Narrative Sections

14.13. 676(b)(13) Provide "information describing how the state will carry out the assurances described in this section."

Note: The state provides information for each of the assurances directly in section 14 or in corresponding items throughout the State Plan, which are included as hyperlinks in section 14.

By checking this box, the state CSBG authorized official is certifying the assurances set out above.

SECTION 15 Federal Certifications

15.1. CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that:

If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The box after each certification must be checked by the state CSBG authorized official.

15.2. CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
5. Workplaces under grants, for grantees other than individuals, need to be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or state highway department while in operation, state employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);.

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the federal or state criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant

and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employees about--

(1) The dangers of drug abuse in the workplace;

(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will - -

(1) Abide by the terms of the statement; and (2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within 10 calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted - -

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check if there are workplaces on file that are not identified here.

Alternate II. (Grantees Who Are Individuals)

(a)The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;

(b)If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.

15.3. CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

Certification Regarding Debarment, Suspension, and Other Responsibility Matters - - Primary Covered Transactions

Instructions for Certification

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly

enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusive-Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Certification Regarding Debarment, Suspension, and Other Responsibility Matters - - Primary Covered Transactions

(1) The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

(a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

(b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, state or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and

(d) Have not within a three-year period preceding this application/proposal had one or more public transactions (federal, state or local) terminated for cause or default.

(2) Where the prospective primary participant is unable to certify to any of the

statements in this certification, such prospective participant shall attach an explanation to this proposal.

**Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - -
Lower Tier Covered Transactions**

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph five of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from

participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - - Lower Tier Covered Transactions

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
