# COVID-19/PHE Updates

# Telemedicine during COVID-19

- Telemedicine was a covered service prior to COVID-19.
- To address COVID-19 Medicaid has expanded the types of services that can be provided via telehealth to include:
  - Well-child visits
  - Therapy services
  - Teledentistry
  - Remote Patient Monitoring
- The expanded services offered under telemedicine are effective through the end of the Public Health Emergency as declared by the US Department of Health and Human Services.

# Medicaid Updates

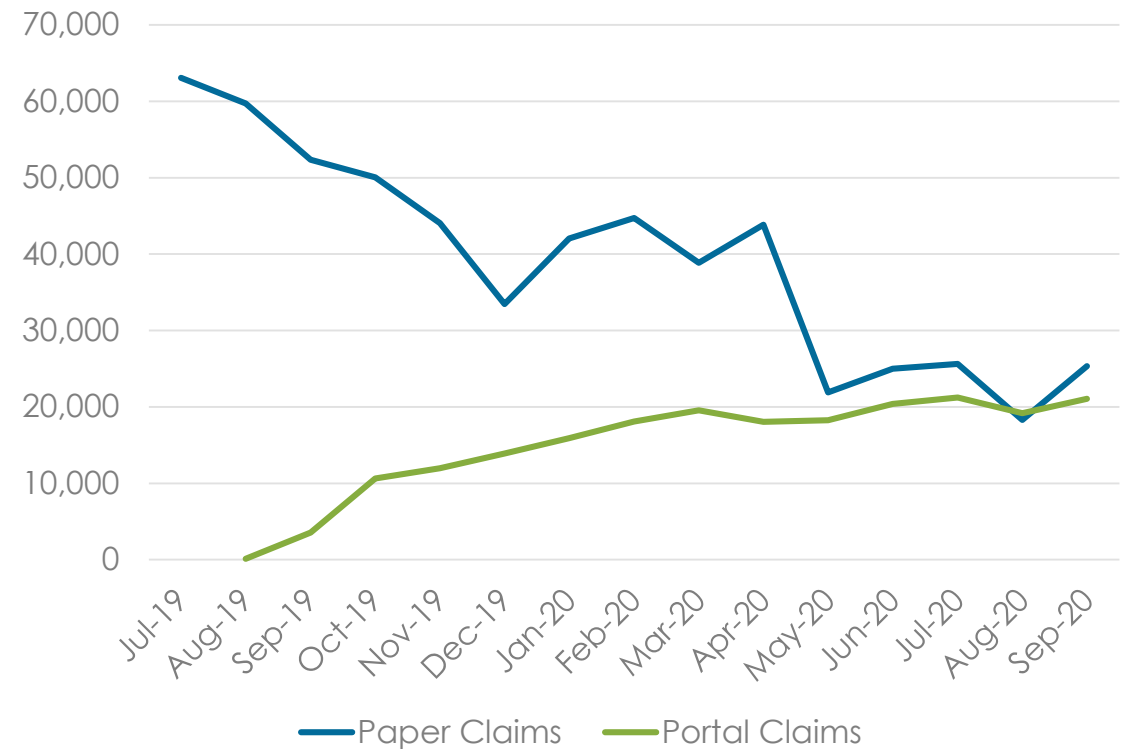

# Automation

## TSU Provider Calls

## Claims Submission

Paper claims are unadjusted, data accounts for when the claim was entered not when it was received.

# Comprehensive Review of Medicaid Structure and Strategy

- The Division of Medical Services has undertaken an independent review of the Medicaid program to ensure we are making smart use of resources and providing high quality services to South Dakotans.
- Thirteen firms from across the country competed for the chance to perform this review. The award went to a national consulting firm that focuses exclusively on the public sector and offers expertise in Medicaid program design.
- The consultants are gathering input from stakeholders and will present recommendations by the end of the year.

# CMS Scorecard

- Since 2018 the Centers for Medicare and Medicaid Services (CMS) has released the Medicaid and CHIP Scorecard.
- The 2020 CMS Scorecard is an illustration of data that was reported to CMS in 2019 for services provided to Medicaid recipients in 2018.
- SD has increased the number of measures that are reported every year, in 2019 SD reported 15 measures

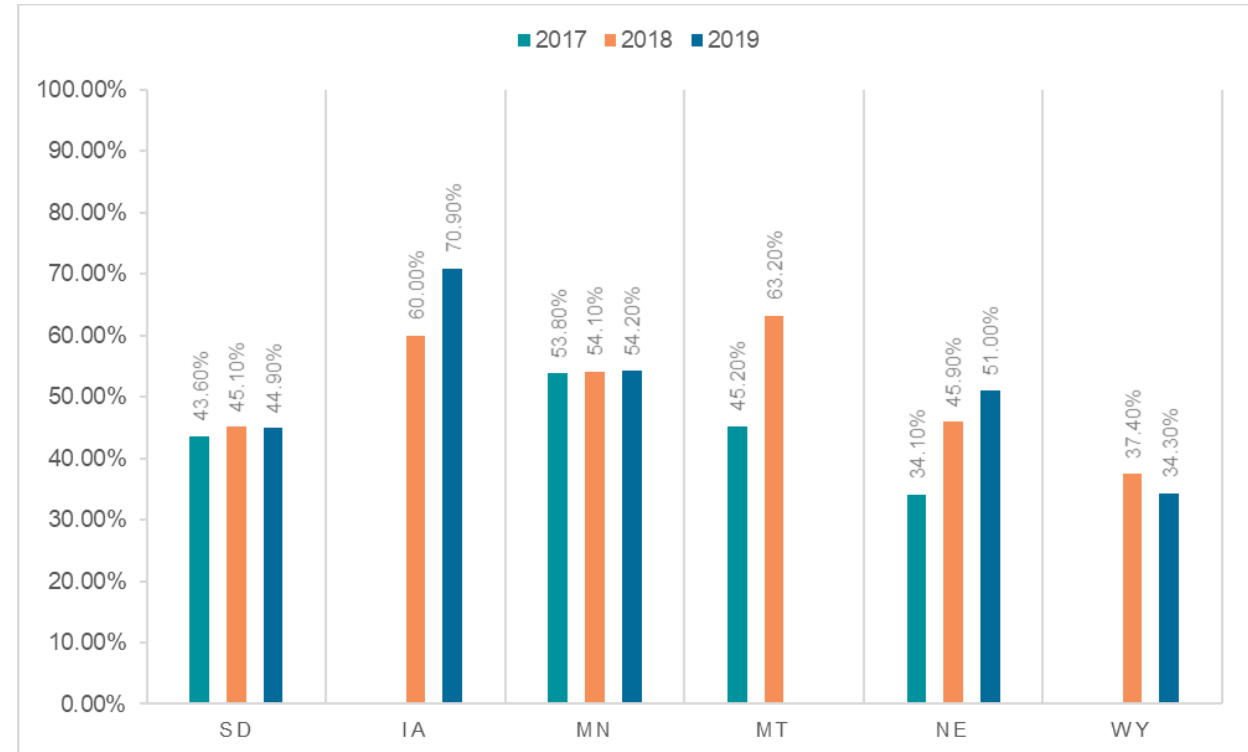

# CMS Scorecard

## South Dakota Scorecard Improvement Strategies

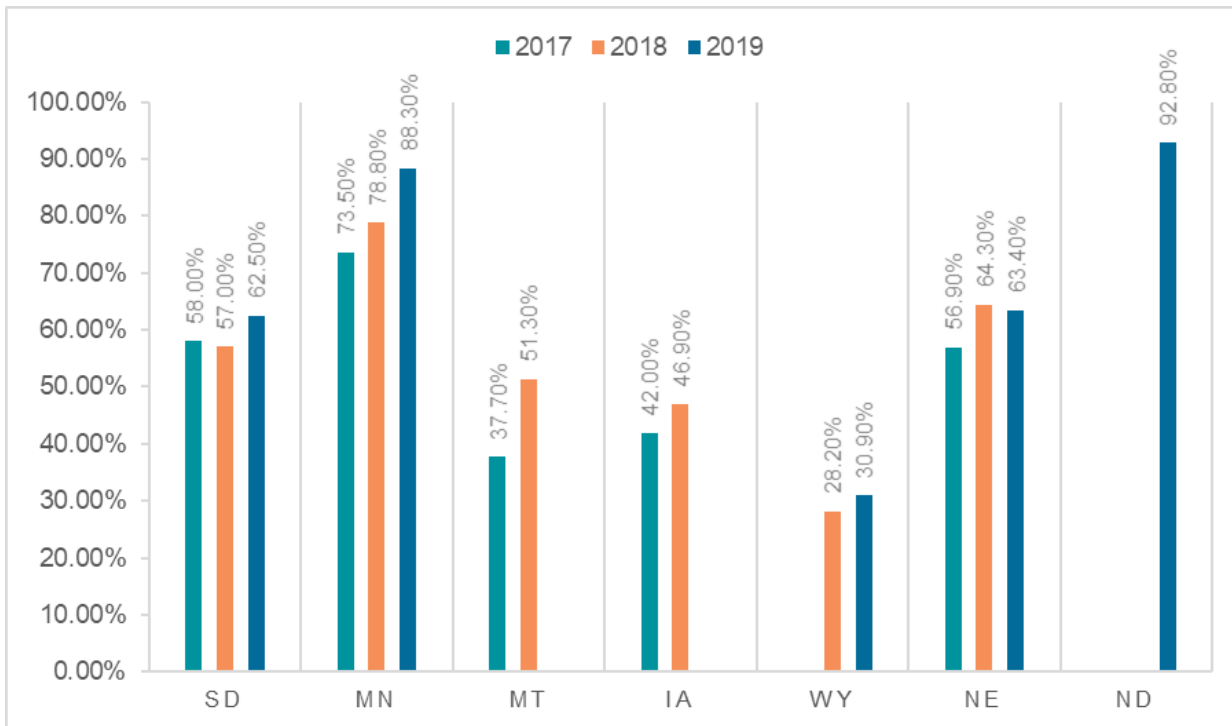

- 1) Filling gaps in data with changes to the IHS claims submission process.
- 2) Updated the primary care provider addendum for provider recertification to emphasize preventative visits.
- 3) Working with the Department of Health to customize well child letters for specific age groups.
- 4) Collaboration with the WIC program to promote well child visits and vaccinations for children who are enrolled in both WIC and Medicaid.
- 5) Preventative service information is published online and in the Recipient Handbook.

## Well child visits first 15 months of life; 6+ visits

# CMS Scorecard Continued

## Immunizations for Adolescents: Age 13

## South Dakota scorecard improvement strategies

- 1) Data sharing with DOH, data from this measure comes from both Medicaid claims and the vaccine registry.
- 2) Filling gaps in data with changes to the IHS claims submission process.
- 3) Working with the DOH to customize well child letters for specific age groups.
