1.0 GENERAL INFORMATION

1.1 PURPOSE OF REQUEST FOR PROPOSAL (RFP)

Medicaid and the Children’s Health Insurance Program (CHIP) provide medical coverage for over 118,000 South Dakotan’s each month. The vast majority, 68% are children. During the last fiscal year, Medicaid provided coverage for over 4,400 births and half of the children born in South Dakota rely on Medicaid or CHIP for healthcare coverage. The remaining 32% of adults covered through Medicaid include aged, blind, disabled, pregnant women, and very low-income parents.

Preventing health issues is better than dealing with more involved and higher cost issues later. Primary care or making sure pregnant moms start prenatal care in their first trimester is better for people’s health and more cost effective than when there are problems later. Providers know the best and creative ways primary and prenatal care are delivered across the state to meet the needs of our citizens. But we still face challenges especially in our most frontier areas and where we have healthcare workforce shortages. The Department of Social Services (DSS) is seeking proposals to fund innovative solutions from providers willing to think outside the box to provide services to people on Medicaid.

We are seeking proposals to test evidence-based maternity care service approaches that enhance current care delivery and address medical, behavioral, and psychosocial factors that can be present during pregnancy and contribute to preterm-related poor birth outcomes. Enhancements to prenatal care have the potential impact to impact high rates of poor maternal and infant birth outcomes.

We are also seeking proposals that test evidence-based primary care innovations focused on innovative delivery models that promote better health, improved care, and lower costs.

The Department of Social Services will select and award multiple projects with $1,000,000 total funding available to support all awarded projects.

28. CONFIDENTIALITY OF INFORMATION:
For the purpose of the sub-paragraph, “State Proprietary Information” shall include all information disclosed to the Grantee by the State.
