

BabyReady Clinic Readiness Checklist

Please review to ensure your clinic's readiness to administer BabyReady program services prior to submitting the clinics BabyReady Application.

- ✓ The appropriate clinic staff have access to the Medicaid Portal – Reports – Pregnancy Program – Caseloads/Remittance Advice/Claims Paid.
- ✓ Billing office has been made aware of the PMPM payments which our clinic will receive for each recipient on our BabyReady caseload, as well as the allowed FFS Enhanced payment procedure codes.
- ✓ We are prepared to develop an AIM statement and implement our identified Barrier to Care Initiative within 6-months of receiving our first caseload.
- ✓ We have identified the staff who will serve as the Care Coordinator(s) to ensure the Provider requirements are met.

If you have any questions or concerns regarding the items listed on the checklist, please contact [Valerie Kelly](#), BabyReady Program Manager.

BabyReady Applications are typically processed within 48 hours of receiving. Clinics can expect to have BabyReady recipients on their caseload the 1st day of the month following their clinic approval.
