Immunizations and Injections

Claim Selection Guide

CMS 1500 Claim Form

CLINIC SERVICES

- Taxonomy: 261Q00000X
- Place of Service (POS): 11
 - Services provided during clinic hours or urgent care clinic hours. Example: Clinic hours 8:30 am-5:00 pm and Urgent Care clinic 5:30 pm-7:00 pm
 - For preventive care: Preventive care includes things like having an annual physical exam, receiving immunizations, or screening for conditions like diabetes, heart disease, and some types of cancer.
 - For routine care: Examples of routine care include follow-up appointments for an existing condition or attending a therapy session at a mental health clinic, immunizations without an office visit, simple lab draws, etc.
 - For non-emergency symptoms: If you're feeling under the weather with symptoms like a cough, sore throat, or ear pain, you can go to a medical clinic for care.
 - For minor injuries: You may be able to go to a clinic for minor injuries, such as muscle strains, minor cuts, or small burns.

Physician Hospital Services

- Taxonomy: 193200000x or 193400000X
- Place of Service (POS): 21
 - Physician services that are provided to the recipient during an INPATIENT stay. Example: Physician Rounds
 - Billing NPI: Is separate from the hospital BNPI, would allow for Physician to bill for services rendered in Hospital place of service
 - Hospitalists are not eligible to bill for Hospital services as they are employed by the hospital and fees are included.

Claim Selection Guide

UB-04 Claim Form

Outpatient Hospital Services

- Taxonomy: 282N00000X
- Place of Service (POS): 22
 - These facilities must be licensed/recognized as a hospital.
 - To see a specialist: If you have a serious health condition, you may be referred to a hospital-based specialist. This specialist can help diagnose and treat your condition. An example of this is an oncologist for cancer.
 - For symptoms of a medical emergency: If you have symptoms of a medical emergency like a heart attack or stroke, you should seek immediate medical care at a hospital's emergency department.
 - For a serious injury: It's essential to get to a hospital's emergency department for serious injuries, such as those sustained in a car accident or fall. Other examples include head injuries, severe burns, and serious cuts or lacerations.
 - For mental health emergencies: If a person's behavior is putting them or others at risk of harm, it's best to get the patient to a hospital for evaluation and care.

Inpatient Hospital Services

- Taxonomy: 282N00000X
- Place of Service (POS): 21
 - Complex surgeries/use of a surgical room
 - Delivering a baby
 - Use of a hospital bed for a serious illness(es) or medical issue(s) that require substantial monitoring with a minimum of a 24-hour stay
