RE: TN 22-0014

Dear Ms. Aker:

The Centers for Medicare & Medicaid Services (CMS) has completed our review of South Dakota's State Plan Amendment (SPA) Transmittal #22-0014, submitted on October 24, 2022. The SPA clarifies how the premium assistance program determines if premium assistance is estimated to be cost effective and aligns with policies and current practice.

CMS approved SPA #22-0014 on April 25, 2023, with an effective date of October 1, 2022. Enclosed is a copy of the CMS-179 summary form, as well as the approved pages for incorporation into the South Dakota State Plan.

During the review of the SPA, CMS recommended the state consider systems changes to allow the enrollment of private plan, non-Medicaid providers into state claiming systems for the purposes of providing cost-sharing protections to Premium Assistance Program beneficiaries in accordance with cost sharing policies approved under the state plan. This change would also assist the state in tracking cost-sharing for Premium Assistance Program beneficiaries to ensure they do not exceed the five percent limit. In addition, CMS will be sending a companion letter along with the approval of this SPA to document the state's commitment to coming into compliance with the cost-sharing tracking requirements along with the implementation of its new systems, scheduled for March 2024.

If you have any questions regarding this amendment, please contact Mandy Strom at mandy.strom@cms.hhs.gov or (303)844-7068.

Sincerely,

A handwritten signature in blue ink, appearing to read "James G. Scott", is positioned to the left of the digital signature information.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
MEDICAL ASSISTANCE PROGRAM
State/Territory: SOUTH DAKOTA

SECTION 4. GENERAL PROGRAM ADMINISTRATION

Citation 4.22 Third Party Liability (continued)

- 42 CFR 433.151(a) (f) The Medicaid agency has written cooperative agreements for the enforcement of rights to and collection of third party benefits assigned to the State as a condition of eligibility for medical assistance with the following: (Check as appropriate.)
- State title IV-D agency. The requirements of 42 CFR 433.152(b) are met.
- Other appropriate State agency(ies) —
DSS-Office of Recoveries & Fraud Investigations
- Other appropriate agency(ies) of another state —
- Courts and law enforcement officials.
- Section 1902(a)(60) of the Act (g) The Medicaid agency assures that the State has in effect the laws relating to medical child support under Section 1908 of the Act.
- 1906 of the Act (h) The Medicaid agency specifies the guidelines used in determining the cost effectiveness of an employer-based group health plan by selecting one of the following:
- The secretary's method as provided in the State Medicaid Manual, Section 3910.
- The State provides methods for determining cost effectiveness on **ATTACHMENT 4.22-C**.

State/Territory: South Dakota
State Methodology of Determining Cost-Effectiveness of Individual and Group Health Plans

Enrollment in the Premium Assistance Program is voluntary. Premium assistance enrollees are able to see providers enrolled in Medicaid and/or the private insurance for any Medicaid eligible services. For Medicaid eligible recipients, enrollment in the Premium Assistance Program does not change the recipient's eligibility for benefits through the state plan or cost sharing obligations under the state plan. The Medicaid agency pays all premiums, deductibles, coinsurance and other cost sharing obligations for items and services covered under the State plan, subject to any nominal Medicaid copayment, for premium assistance beneficiaries. Individuals enrolled in the Premium Assistance Program are afforded the same recipient protections provided to all other Medicaid enrollees. Any cost-sharing imposed in excess of the 5 percent cap is adjusted through claims reprocessing by the Medicaid agency.

- I. South Dakota Medicaid determines the cost-effectiveness for payment of qualifying group or individual market health insurance premiums using the following methodology:
 1. Any Medicaid-eligible recipient who has an existing, ongoing, and medically- confirmed medical condition determined by the South Dakota Medicaid to be considered a cost-effective condition is deemed to meet the cost-effective criteria. Examples of medical conditions considered cost-effective include cancer, neonatal intensive care, transplants, motor vehicle accidents, head trauma, and heart conditions.
 2. When the criteria of 1. is not met, cost-effectiveness will be calculated as follows:
 - a. Determine:
 - i. The annual anticipated cost for Medicaid services generally covered by the private health insurance based on the recipient's claim history and other relevant information.
 - ii. Total the results of each of the following calculations:
 - a. The group or individual market health insurance premium less the employer contribution.
 - b. A predetermined annual administration cost per participant.
 - c. The expected cost to South Dakota Medicaid for any deductibles, coinsurance and/or copayments.
 - b. Subtract the result of *ii.* from the result of *i.*
 - c. If the result is a cost savings greater than or equal to \$1,000, the policy is considered cost-effective.
 - d. If the result is less than \$1,000 in cost savings, the policy is not considered cost-effective.
 3. When the criteria of 1. and 2. are not met, specific information relating to the individual circumstances of the Medicaid-eligible recipient may be provided. On a case-by-case basis and at the sole discretion of South Dakota Medicaid, a determination of cost-effectiveness can be made if sufficient evidence is provided to demonstrate savings to South Dakota Medicaid.
- II. Redetermination Review
 1. South Dakota Medicaid will complete a redetermination review at least yearly for all Premium Assistance Program enrollees. The yearly review shall consist of:
 - a. Verifying South Dakota Medicaid eligibility; and

- b. Completing a cost-effective analysis using the cost-effectiveness methodology
 2. South Dakota may re-determine eligibility at any point if:
 - a. The monthly premium of the group or individual market health insurance increases;
 - b. There is a change in eligibility category or status for South Dakota Medicaid;
 - c. The services offered by the group or individual market health insurance decrease;
 - d. There is a change in the deductible, co-insurance or any other cost-sharing provisions of the group or individual market health policy; or
 - e. There is reason to believe a change has occurred which may affect eligibility for the Premium Assistance Program.
 3. Failure to submit required documents for redetermination or failure to meet the cost effectiveness criteria may result in disenrollment from the Premium Assistance Program.
- III. Coverage of Non-South Dakota Medicaid Family Members
 1. The Premium Assistance Program will pay the premiums for additional family members who are not South Dakota Medicaid eligible, if the individual's premium amount cannot be separated from the family premium amount. In this circumstance, the entire amount of the family's premium will be used to calculate cost effectiveness.
 2. South Dakota will not pay a deductible, copayment, or coinsurance obligation on behalf of non-Premium Assistance Program individuals covered under a family's insurance.
- IV. Purchasing or paying for health insurance coverage is deemed not cost effective when:
 1. A recipient is also enrolled in Medicare;
 2. A recipient is enrolled in a limited benefits Medicaid program;
 3. Payment of health insurance premiums have been fully reimbursed or offset by a third party, including, but not limited to:
 - a. An employer.
 - b. An individual court-ordered to provide medical support.
 4. The group or individual market health insurance only provides catastrophic, limited benefit, limited duration, or indemnity coverage.
- V. Premium Assistance Payments
 1. Payments may be made directly to the insurer, employer, or the recipient.
 2. The initial insurance premium payment will be made immediately upon program approval and on the first business day of each qualifying month thereafter.
