AUG 13 2019

M. Greg DeSautel, MD
Cabinet Secretary
Department of Social Services
700 Governors Drive
Pierre, South Dakota 57501-2291

Re: South Dakota 19-0007

Dear Dr. DeSautel:

We have reviewed the proposed amendment to Attachment 4.19-A of your Medicaid State plan submitted under transmittal number (TN) 19-0007. Effective for services on or after May 1, 2019, this amendment provides for an update to the payment methodology for disproportionate share hospital (DSH) payments.

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(2), 1902(a)(13), 1902(a)(30), 1903(a) and 1923 of the Social Security Act and the implementing Federal regulations at 42 CFR 447 Subpart C. We are pleased to inform you that Medicaid State plan amendment TN 19-0007 is approved effective May 1, 2019. The CMS-179 and the amended plan pages are attached.

If you have any questions, please contact Christine Storey at (303) 844-7044.

Sincerely,

[Signature]

Kristin Fan
Director
TRANSMITTAL AND NOTICE OF APPROVAL OF STATE PLAN MATERIAL
FOR: CENTERS FOR MEDICARE & MEDICAID SERVICES

TO: REGIONAL ADMINISTRATOR
CENTERS FOR MEDICARE & MEDICAID SERVICES
DEPARTMENT OF HEALTH AND HUMAN SERVICES

5. TYPE OF PLAN MATERIAL (Check One):
   [ ] NEW STATE PLAN    [ ] AMENDMENT TO BE CONSIDERED AS NEW PLAN
   [ ] AMENDMENT

COMPLETE BLOCKS 6 THRU 10 IF THIS IS AN AMENDMENT (Separate Transmittal for each amendment)

6. FEDERAL STATUTE/REGULATION CITATION:
   Section 1923 of the Social Security Act

7. FEDERAL BUDGET IMPACT:
   a. FY 2019: $ 0.00
   b. FY 2020: $ 0.00

8. PAGE NUMBER OF THE PLAN SECTION OR ATTACHMENT:
   Attachment 4.1 GA page 6, 7, and 8

9. PAGE NUMBER OF THE SUPERSEDED PLAN SECTION OR ATTACHMENT (If Applicable):
   Attachment 4.1 GA page 6, 7, and 8

10. SUBJECT OF AMENDMENT:
The proposed State Plan Amendment (SPA) clarifies the criteria for a hospital to qualify for a disproportionate share payment.

11. GOVERNOR'S REVIEW (Check One):

22. TITLE:
    Director, FMG

23. REMARKS:

FORM CMS-179 (07-92)
**UPPER PAYMENT LIMITS**

Payments in aggregate for inpatient hospital services will not exceed the amount that would be paid for services under Medicare principles.

**APPEALS**

The Department of Social Services has administrative review procedures to meet the need for provider appeals required by 42 CFR 447.253(e).

**ACCESS AND QUALITY OF CARE**

All hospitals located in South Dakota participate in the Medicaid program which results in the best possible access to hospital services for the Medicaid recipient. The South Dakota Professional Review Organization monitors quality of care.

**DISPROPORTIONATE SHARE PAYMENTS**

The program allows an additional payment to any qualifying hospital that has a disproportionate share of low-income patients. The threshold at which an individual hospital is considered to be serving a disproportionate share of low-income patients is when either the Medicaid inpatient utilization rate, as defined in section 1923 (b)(2), is above the mean Medicaid inpatient utilization rate for hospitals receiving the Medicaid payments in the state, or the hospitals low-income utilization rate, as defined in 1923 (b)(3), is above the mean Medicaid low-income utilization rate for hospitals receiving the Medicaid payments in the state. To qualify as a disproportionate share hospital a hospital must have at least 2 obstetricians who have staff privileges and who have agreed to provide obstetric services to individuals entitled to Medicaid service. This requirement does not apply to hospitals whose patients are predominately under 18 years of age or that do not offer non-emergency obstetric services to the general population. For hospitals located in a rural area, the term “obstetrician” includes any physician with staff privileges at the hospital to perform non-emergency obstetric procedures. A hospital must also have a Medicaid utilization rate of at least one percent to qualify for disproportionate share hospital payment.

To identify qualifying hospitals, the Department will mail a survey to all hospitals each State Fiscal year. The Department will verify returns to ensure no qualifying hospital is excluded. If a hospital qualifies for disproportionate share payment under both the Medicaid inpatient utilization rate and the low-income utilization rate, the payment will be based on whichever utilization rate will result in the higher payment. Only one disproportionate share payment is allowed to a hospital. The Department notifies qualifying hospitals of their disproportionate share payments prior to June 30.

The agency groups qualifying disproportionate share hospitals into one of the following three groups, with each hospital group’s surveys calculated independently of the other groups’ surveys:

Group 1, acute care hospitals;
Group 2, psychiatric hospitals operated by the State of South Dakota; and
Group 3, other hospitals (any hospital not in Group 1 or 2).

Payments to Group 1 hospitals qualifying under the Medicaid inpatient utilization
method are based on the standard deviation that a facility’s qualifying rate exceeds the
Medicaid inpatient utilization mean for all participating hospitals. Payments to Group 1
hospitals qualifying under the low-income utilization method are based on the standard
deviation that a facility’s qualifying rate exceeds the low-income utilization mean for all
participating hospitals. Payments to Group 1 hospitals will be made according to the payment
schedule on the Department’s website, http://dss.sd.gov/medicaid/providers/feeschedules/,
effective May 1, 2019.

The amount of payment for each hospital is calculated as follows:

The Department determines the number of facilities qualifying at greater than the
mean, greater than 1 standard deviation above the mean, greater than 2 standard deviations
above the mean, and greater than 3 standard deviations above the mean. The total amount
of funding budgeted for disproportionate share payments is then allocated starting with those
facilities qualifying at greater than the mean. Facilities qualifying at greater than 1 standard
deviation, greater than 2 standard deviations, and greater than 3 standard deviations above
the mean are paid double, triple, and quadruple, respectively, the amount for facilities
qualifying at greater than the mean. The payment amounts are adjusted until all the
budgeted funds are spent.

The proposed disproportionate share payment for each facility is then compared to
the payment limit that has been established for each facility. If the payment limit is less than
the proposed disproportionate share payment, then the payment limit amount will be the
disproportionate share payment for that particular facility. The sum of the payments made
to the facilities where the payment limit was met is then subtracted from the total amount
budgeted. The remaining budgeted funds are then allocated equally among the facilities
where the payment limits have not been met. The subsequent allocation again is
determined to ensure that facilities qualifying at greater than 1 standard deviation, greater
than 2 standard deviations, and greater than 3 standard deviations above the mean are paid
double, triple, and quadruple, respectively, the amount for facilities qualifying at greater than
the mean.

Payments to Group 2 hospitals qualifying under the Medicaid inpatient utilization
method will be based on the standard deviation that a facility’s qualifying rate exceeds the
Medicaid inpatient utilization mean for all participating hospitals. Payments to Group 2
hospitals qualifying under the low-income utilization method will be based on the standard
deviation that a facility’s qualifying rate exceeds the low-income utilization mean for all
participating hospitals.
Payments to Group 2 hospitals will be made according to the payment schedule on the Department's website, http://dss.sd.gov/medicaid/providers/feeschedules/, effective May 1, 2019.

Payments to Group 3 hospitals qualifying under the Medicaid inpatient utilization method will be based on the standard deviation that a facility's qualifying rate exceeds the Medicaid inpatient utilization mean for all participating hospitals. Payments to Group 3 hospitals qualifying under the low-income utilization method will be based on the standard deviation that a facility's qualifying rate exceeds the low-income utilization mean for all participating hospitals. Payments to Group 3 hospitals will be made according to the payment schedule on the Department’s website, http://dss.sd.gov/medicaid/providers/feeschedules/, effective May 1, 2019.

If necessary, payments to qualified hospitals will be adjusted for the projected impact of the hospital’s specific disproportionate share hospital payment limit as required by OBRA '93.

The agency will make disproportionate share hospital program payments to qualifying hospitals one time during the last quarter of the State fiscal year. If the total of disproportionate share payments to all qualified hospitals for a year is going to exceed the State disproportionate share hospital payment limit, as established under 1923(f) of the Act, the following process will be used to prevent overspending the limit: First, the amount of over-expenditure will be determined; Then the over-expenditure amount will be deducted from the total payments to Group 2 hospitals; and Payments to individual Group 2 hospitals will be reduced based on their percentage of Group 2 total payments.
