1902(a)(10)(A)(ii)(IV)

Reasonable Classification of Individuals under Age 21 - The state elects to cover one or more reasonable classifications of individuals under age 21 who are not mandatorily eligible and who have income at or below a standard established by the state and in accordance with provisions described at 42 CFR 435.222.

Yes No

The state attests that it operates this eligibility group in accordance with the following provisions:

Individuals qualifying under this eligibility group must qualify under a reasonable classification by meeting the following criteria:

Be under age 21, or a lower age, as defined within the reasonable classification.

Have household income at or below the standard established by the state, if the state has an income standard for the reasonable classification.

Not be eligible and enrolled for mandatory coverage under the state plan.

MAGI-based income methodologies are used in calculating household income. Please refer as necessary to S10 MAGI-Based Income Methodologies, completed by the state.

The state covered at least one reasonable classification under this eligibility group under its Medicaid state plan as of December 31, 2013, or under a Medicaid 1115 Demonstration as of March 23, 2010 or December 31, 2013, with income standards higher (including disregarding all income) than the current mandatory income standards for the individual's age.

Yes No

The state also covered at least one reasonable classification under this group in the Medicaid state plan as of March 23, 2010 with income standards higher (including disregarding all income) than the current mandatory income standards for the individual's age.

Yes No

Reasonable Classifications Covered in the Medicaid State Plan as of March 23, 2010

The state attaches the approved pages from the Medicaid state plan as of March 23, 2010 to indicate the age groups, reasonable classifications, and income standards used at that time for this eligibility group.

Additional new age groups or reasonable classifications covered

If the state has not elected to cover the Adult Group (42 CFR 435.119), it may elect to cover additional new age groups or reasonable classifications that have not been covered previously. If the state covers the Adult Group, this additional option is not available, as the standard for the new age groups or classifications is lower than that used for mandatory coverage.

The state does not cover the Adult Group and elects the option to include in this eligibility group additional age groups or reasonable classifications that have not been covered previously in the state plan or under a Medicaid 1115 Demonstration. Any additional age groups or reasonable classifications not previously covered are restricted to the AFDC income standard from July 16, 1996, not converted to a MAGI-equivalent standard.
