**RE: ICD-10 Update**

**Span Billing for Non-Inpatient Services starting in September 2015 and ending in October 2015**

If your billed services started prior to October 1, 2015 and end on or after October 1, 2015 you must split your claim and bill services after 10/1/2015 on a separate claim with the appropriate ICD diagnosis code set for each claim. For example:

- Nebulizer (DME) for Dates of Service 9/17/2015 through 10/5/2015:
  - Claim 1: DOS 9/17 – 9/30 (ICD-9 Diagnosis)
  - Claim 2: DOS 10/1 – 10/16 (ICD-10 Diagnosis)

**UB-04 Billing – Service Date/ Code Set clarification**

South Dakota does not use the date of discharge when calculating payments for UB-04 claims (Inpatient, Outpatient, and Long Term Care). If the date of discharge on the claim is 10/01/2015, you must use the ICD-9 code set.
