ATTENTION: South Dakota Medicaid Providers

FROM: South Dakota Medicaid

RE: Telemedicine Services

South Dakota Medicaid is expanding its coverage of telemedicine services to more closely align with Medicare coverage of telemedicine services. Effective December 1, 2016, South Dakota Medicaid will add additional CPT codes to the list of services that may be provided via telemedicine. This includes coverage for subsequent nursing facility care (CPT 99307-99310) and behavioral health services (CPT 90832 – 90838). Please see below for a complete list of covered services.

Telemedicine is the use of an interactive telecommunications system to provide two-way, realtime, interactive communication between a provider physically located at a distant site and a recipient physically located at an originating site. As a reminder, the distant and originating site may not be located in the same community unless the originating site is a nursing facility.

Telemedicine services provided at a distant site must be billed with a GT modifier to indicate the service was provided via telemedicine. Providers at the distant site must be enrolled as a servicing provider with South Dakota Medicaid. All service limitations and requirements for face-to-face services apply to telemedicine services. Originating sites are eligible to receive a facility fee for each completed telemedicine transaction. Please note that the originating site must be an enrolled provider and the facility must be billed using HCPC code Q3014. The following originating sites are approved to bill a facility fee:

- Office of a physician or practitioner
- Outpatient Hospitals
- Critical Access Hospitals
- Rural Health Clinics (RHC)
- Federally Qualified Health Centers (FQHC)
- Indian Health Service (IHS) Clinics
- Community Mental Health Centers (CMHC)
- Nursing Facilities

For additional information about South Dakota Medicaid's telemedicine policy, please review the *Professional Services Billing Manual* or the *Institutional Billing Manual* located on our website: <http://dss.sd.gov/medicaid/providers/billingmanuals/>

South Dakota Medicaid Covered Telemedicine Services

Newly Covered Telemedicine Services are in Bold

*Note: All service limitations for face-to-face services apply to services provided via telemedicine.
Services provided via telemedicine must be billed with the GT modifier.*

CPT	Description
90791	Psychiatric diagnostic evaluation
90792	Psychiatric diagnostic evaluation with medical services
90832	Psychotherapy, 30 minutes with patient and/or family member
90833	Psychotherapy, 30 minutes with patient and/or family member
