RE: Paper Remittance Advices

South Dakota is making an effort to mitigate the risk of HIPAA disclosures. This has caused a delay by up to 2 business days in the manual process of verifying the accuracy of remittances being mailed. Only contact South Dakota Medicaid if you have not received your paper remittance advice within 3 days of when you would normally expect to receive the remit. You do not need to notify Medicaid today that you are missing paper remittances from last Friday.

Thank you,
South Dakota Medicaid
