RE: CORRECTION: South Dakota Medicaid billing requirements for Rendering NPI and Taxonomy

Good afternoon,

South Dakota Medicaid has received feedback regarding the following listserv and has further reviewed the interpretation of the requirement on electronic submissions to include the rendering (servicing) NPI. The rendering NPI is *NOT* required if it is the same as the billing NPI. Any claims denied in error, which did not originally show a rendering NPI **that is the same as the billing NPI**, will be reprocessed by June 7, 2017.

Thank you for your patience and feedback.
