July 11, 2018

Greetings,

This is a reminder to providers who submit Medicare crossovers to submit your claims to Medicaid the same way you submit to Medicare, specifically for the ordering physician. Medicare crossovers are not subject to PCP/HH requirements and you will see denials for claims that require an ordering physician's NPI if the PCP/HH is populated in the referring location. If you would like more information about when an ordering physician is required please refer to the billing manual found here:

<https://dss.sd.gov/medicaid/providers/billingmanuals/>

Please pass this information along to billers and claim submission units within your organization. Additional information regarding billing and electronic filing can be found on our website. If you have questions please contact our Telephone Services Unit at (800) 452-7691, or (605) 945-5006 if calling from outside South Dakota. You may also reach us by email at DSS.Medicaid@state.sd.us.

Thank you,
South Dakota Medicaid
