**QUICK ANSWERS**

1. **I have a denial for a taxonomy code, what do I do?**

   Confirm your taxonomy on your South Dakota Medicaid enrollment record in SDMEDX and compare it to the populated taxonomy in 24J and 33b.

2. **How do I verify if I have a Type 1 or Type 2 NPI?**

   Visit [https://nppes.cms.hhs.gov](https://nppes.cms.hhs.gov). Click on search NPI Registry and enter your NPI.

3. **What happens if I do not enter a qualifier in Block 17?**

   The claim will deny for “PCP/NPI number missing/invalid” if a provider is listed without the corresponding qualifier.

4. **Do I need to enroll all servicing providers?**

   Yes. Instructions for adding a servicing provider are available on our [website](https://nppes.cms.hhs.gov).

5. **I have a denial because of private health insurance, what do I do to fix the claim?**

   Refer to the [CMS 1500 Third-Party Liability Claim Instructions](https://nppes.cms.hhs.gov).

6. **I have a denial because of Primary Care Provider Missing/Invalid, what do I do to fix the claim?**

   This means the recipient is in a Care Management Program, the recipient must be seen by their primary care physician (PCP) or Health Home Provider (HHP) or you must have a referral from the recipient’s PCP or HHP and list the NPI of the recipient’s PCP or HHP in Block 17b. Use the
Eligibility Inquiry on the South Dakota Medicaid online portal to find information about the recipient's PCP or HHP.

7. If you have entered an NPI in Block 17B and receive this denial, please verify the NPI for any errors or use the Eligibility Inquiry on the South Dakota Medicaid online portal to verify the correct PCP or HHP is listed. I have a denial stating, “recipient not eligible,” what does this mean?

This means the recipient is not eligible on the date of service. Providers are responsible for checking a recipient’s Medicaid ID card and verifying eligibility before providing services. Eligibility can be verified using the Eligibility Inquiry on South Dakota Medicaid’s online portal.
