**QUICK ANSWERS**

1. If I do not accept Medicare assignment, can I bill the recipient for the write-off?
No, federal law Section 1848(g)(3)(A) of the Act states that all Medicare providers must accept assignment for Part B services furnished to dual eligible beneficiaries. Assignment means the Medicare-allowed amount (Physician Fee Schedule amount) constitutes payment in full for all Part B-covered services provided to beneficiaries.

2. **Do I have to split the Medicare contractual obligation and the payment into two separate dollar amounts with a CTR before the contractual obligation?**

   No, payment and contractual obligation should be denoted as one-dollar amount on each line item.
