CMS 1500 THIRD-PARTY LIABILITY CLAIM INSTRUCTIONS

OVERVIEW

Printed claims and any associated documentation must be submitted as single-sided only.

The following is a block-by-block explanation of how to prepare a CMS 1500 with third-party liability (TPL) claim. If the primary payer is Medicare, please refer to CMS 1500 Medicare Crossover Claim Instructions. If Medicaid is the only payer or primary payer refer to the CMS 1500 Claim Instructions.

Mandatory blocks must be completed. Conditionally mandatory blocks must be completed if applicable. Please do not write or type above block 1 of the claim form. It is used internally by South Dakota Medicaid. Do not put social security numbers on the claim form.

A provider must attach the Explanation of Medicare Benefits (EOMB) and any applicable third-party explanation of benefits (EOB) to each TPL claim form. TPL claims cannot be processed without an EOMB.

Per ARSD 67:16:35:04 South Dakota Medicaid must receive a provider's completed claim form within 6 months following the month the services were provided. This time limit may be waived or extended if the claim is submitted with the primary insurer's EOB within 6 months after the provider receives payment from Medicare or private health insurance or receives a notice of denial from Medicare or private health insurance.

South Dakota Medicaid will require the Servicing Provider to submit the following documentation when the recipient's third-party liability plan does not cover providers credentialed for South Dakota Medicaid:

- Letter stating credentials of Servicing Provider for claim date of service(s).
- Dated credentialing information from applicable recipient's third-party liability plan handbook or policy manual that states the Servicing Provider is ineligible to enroll. If a policy manual is not available, the Servicing Provider must seek a dated credentialing denial confirming the provider is ineligible to enroll due to licensure.

Documentation must accompany every claim that is submitted.

BLOCK 24 List only one servicing provider on each CMS 1500 claim form. Use a separate line for each service provided. If more than six services were provided for a recipient, a separate claim form for the seventh and any additional services must be completed. The six service lines in this section are divided horizontally to accommodate submission of both

the NPI and taxonomy code in 24J. The top shaded portion is the location for the reporting supplemental information. It is not intended to allow the billing of 12 lines of service.

SHADED PORTION OF BLOCK 24

The order of the information entered in the shaded portion does not matter. The shaded portion is considered one block starting at 24A shaded through 24H shaded.

1. When billing with third party liability data, enter the contractual obligation (CTR) and payment in the shaded portion. If this amount is equal to zero, indicate this on the claim by entering in this format with no spaces CTR0.00. After listing CTR enter three spaces and then the payment amount. When reporting dollar amounts in the shaded area always enter dollar amount, a decimal point, and cents. Use 00 for the cents if the amount is a whole number. Do not enter dollar signs.
   FQHC and RHC services only need to indicate the total TPL payment on the first line.

Example:
