DENTAL CLAIM INSTRUCTIONS, EXPLANATION OF BENEFITS, PREDETERMINATIONS, AND APPEALS

OVERVIEW

This provider manual includes the following sections: Dental Claim Instructions; Explanation of Benefits; Predeterminations; and Reconsiderations, Appeals, and Grievances.

DENTAL CLAIM INSTRUCTIONS

The following is a block-by-block explanation of how to prepare an American Dental Association (ADA) claim form when Medicaid is the primary or only payer. The ADA claim form and complete claim form instructions are available on the ADA website at https://www.ada.org/en/publications/cdt/ada-dental-claim-form. Mandatory blocks must be completed. Conditionally mandatory blocks must be completed if applicable. Do not put social security numbers on the claim form. For other Dental claim guidance, please refer to the Children and Adult Dental Provider Manuals.

DENTAL SERVICES EXPLANATION OF BENEFITS

An Explanation of Benefits (EOB) is issued by the Dental Vendor to the treating dentist for each claim processed. The EOB provides detailed information regarding each line on the claim including applicable processing policies.

Providers should use the EOB to reconcile payments from South Dakota Medicaid with patient records. South Dakota Medicaid requires providers retain EOBs for at least six years.

EOB Delivery

EOBs are sent to providers by the Dental Vendor following each check run on approximately the 10th, 20th, and 30th of each month. Providers have two methods for receiving notification of adjudication results:

- Receive the EOB on paper via the mail; or
- Receive the EOB electronically. To receive EOBs electronically providers must provide an email address to the Dental Vendor. After each date of claims payment an email notification is sent alerting the provider that their EOBs are available for download from a secure online provider FTP server.

Providers can also visit the Dental Vendor's website for access to patient information and EOBs.

PREDETERMINATIONS

Predetermination (also known as prior authorization) is the process of obtaining information about anticipated coverage and payment for a treatment plan before the treatment is started. Predetermination can be sought for any treatment plan, but providers should predetermine treatment plans for adults particularly when the recommended services are subject to limitations, i.e. dentures. By predetermining the treatment plan, the provider becomes aware of any frequency or other coverage limitations in advance of the treatment, including any treatment that may be above the adult annual maximum. The provider can educate the recipient about any out-of-pocket costs they may incur as a result of the treatment.

All treatment plans with billed charges of over $1,000 will be automatically reviewed at the time of claim submission unless a Predetermined Voucher is issued. When totaling the $1,000 that is required for review, examinations, radiographs, prophylaxis, fluorides, sealants, and adjunctive general services are excluded from the total. If a predetermination is done, no additional review is needed at the time of claim submission unless there is a change to the treatment plan. The only exception is the pre-determination of a root canal which requires post-operative x-rays of the completed root canal.

If a Predetermined Voucher is not obtained and the claim is denied (i.e., frequency or other coverage limitation), the provider will not receive payment from South Dakota Medicaid. It is best practice to obtain predetermination prior to the service.

The South Dakota Department of Social Services reserves final authority to approve or deny any proposed treatment plans.

PREDETERMINATION PROCESS

1. The request for predetermination is submitted by the treating dentist.
2. The treating dentist completes an ADA claim form with the full proposed treatment plan leaving the Procedure Date field blank. The treating dentist checks the Request for Predetermination/Preauthorization box in Item 1: Type of Transaction.
3. The predetermination request is submitted to the Dental Vendor in the same way the treating dentist submits claim forms – either electronically through a clearinghouse or on paper.
4. The Dental Vendor verifies recipient eligibility for dental benefits under South Dakota Medicaid. Active eligibility at the time of predetermination does not guarantee eligibility at the time the services are rendered. Providers should verify eligibility on each date of service.
5. A comparison is made between the proposed treatment plan and South Dakota Medicaid covered benefits.
6. The recipient's claim history is reviewed to determine if he/she is eligible for the proposed benefit or has any frequency limitations.
7. If all documentation needed to review a predetermination request is not submitted with the request, the claim is denied, and a new claim must be submitted with the necessary documentation.

8. The request and all supporting documentation are reviewed clinically.
9. Computations are made to determine Medicaid's payment obligation and the financial responsibility of the recipient, if any.
10. A Predetermination Voucher outlining the estimated coverage is sent to the treating provider.
11. After reviewing the Predetermined Voucher with the recipient, the dentist may proceed with treatment. A significant departure from the original treatment plan will void the Predetermined Voucher and the provider must submit a new proposed treatment plan for predetermination.

Preoperative Clinical Evaluation

In some circumstances, a proposed treatment plan requires a visual examination to determine South Dakota Medicaid's obligation. This in-person examination is known as a preoperative clinical evaluation. The Dental Vendor contracts with licensed dentists to serve as dental consultants and conduct preoperative clinical reviews.

Clinical Evaluation Process

The following occurs during the preoperative clinical evaluation process:

1. The provider is notified that the recipient is being requested for a preoperative clinical evaluation. The provider is asked not to perform any further services until the evaluation is completed;
2. The Dental Vendor notifies the recipient of the need for an evaluation and works with the recipient to schedule an appointment for the evaluation;
3. The dental consultant conducting the preoperative clinical evaluation is sent information outlining the reason for the examination and any supporting documentation needed for a comprehensive evaluation;
4. The preoperative clinical evaluation is conducted;
5. The consultant summarizes the preoperative clinical evaluation findings for the Dental Vendor; and
6. The Dental Vendor reviews the findings and issues a predetermined voucher to the treating provider.

Submitting a Predetermined Voucher for Payment

When the services listed on the Predetermined Voucher are completed, the treating provider must write the date of service next to each completed service, sign the Predetermined Voucher, and submit it for payment. Providers should not submit a new, separate claim for predetermined services.
If a service listed on the Predetermined Voucher was not completed, the provider should cross it out on the Predetermined Voucher. Predetermined Vouchers may have several pages and all pages must be submitted at the same time.

Canceling a Predetermined Voucher

South Dakota Medicaid recommends cancellation of any Predetermined Voucher that is not going to be performed. To cancel, cross out the services on the Predetermined Voucher, write “cancel” on the Predetermined Voucher, and return it to the Dental Vendor. If the recipient wants to begin treatment after the Predetermined Voucher has been canceled, a new treatment plan must be submitted to the vendor for predetermination.

PREDETERMINED VOUCHER

1. **Patient Name** - the first and last name of the person for whom the treatment is planned.

2. **Date of Birth** - list the month, day, and year of the recipient's birth. This information is provided for identification purposes.

3. **Subscriber Name and Address** - the first and last name of the recipient, along with the address which was submitted on the claim form.

4. **Issue Date** - the date the Predetermined Voucher was produced by the Dental Vendor.

5. **Receipt Date** - the date the claim was received at the Dental Vendor for predetermination.

6. **Recipient ID Number** - the identification number of the recipient.

7. **Group Number** - the recipient's South Dakota Medicaid group number (1900).

8. **Claim Document Number** - an individual number assigned by the Dental Vendor to identify your treatment plan. This number, along with the recipient's ID number is important to South Dakota Medicaid in locating information on cases when there is an inquiry.

9. **Treating Dentist NPI** – the treating provider's assigned individual NPI number.

10. **Business NPI** – the NPI number for the business.

11. **Oral Cavity Area** – the specific area of the mouth where the service was performed. Use "00" (entire oral cavity), "01" (maxillary arch), "02" (mandibular arch), "10" (upper right quadrant), "20" (upper left quadrant), "30" (lower left quadrant), "40" (lower right quadrant).

12. **Tooth Number or Letter** - use universal tooth code numbers 1 through 32 or letters A through T for tooth reference. Use arch code "U or 01" (upper), "L or 02" (lower). Use quadrant code "UR or 10" (upper right), "UL or 20" (upper left), "LL or 30" (lower left), and "LR or 40" (lower right).

13. **Surface** - use "M" (mesial), "D" (distal), "O" (occlusal), "I" (incisal), "L" (lingual or palatal), "B" (buccal) and "F" (facial).

14. **Date of Service** - the month, day, and year (MM/DD/YY) on which the procedure is completed. To receive payment for predetermined services which have been completed, the provider must complete this column on the Predetermined Voucher, sign it, and submit it to the Dental Vendor.

NOTE: Completion dates are defined as follows: for dentures and partials, the delivery date; for crowns and bridgework, the permanent cementation date; and for root canal and periodontal treatment, the date of the completion of the procedure.

15. **Procedure Code** - the most current ADA procedure code number for the proposed procedure in the treatment plan. Providers must use the most current CDT code as published by the ADA.

16. **Submitted Amount** - the fee requested by the dentist for the proposed dental procedure.

17. **Approved Amount** - the amount, per procedure, South Dakota Medicaid approves for South Dakota Medicaid payment.

18. **Code** - the condition coding system is identified on the bottom of the Predetermined Voucher (#27).

19. **Applied to Deductible** - not used with this program.

20. **Patient Pay Estimate** - the estimated amount the recipient must pay for the proposed procedure.

21. **Estimated South Dakota Medicaid Payment** - the estimated amount the Dental Vendor will pay for the proposed procedure.

22. **Processing Policies** - policies used by the Dental Vendor for use in processing treatment plans in accordance with generally accepted dental standards and in compliance with the Medicaid dental program.

23. **Total Submitted** - the total amount submitted by the attending provider for the entire treatment plan.

24. **Total Approved** - the total amount approved by the Dental Vendor for total Medicaid payment.

25. **Patient Pays** - the total amount the recipient must pay for the dental treatment rendered.

26. **South Dakota Medicaid Pays** - the total amount South Dakota Medicaid will pay for the dental treatment rendered.

27. **Condition Code Description** – provides detail about the code(s) listed in #18.

28. **Dentist Signature** - necessary when the Predetermined Voucher is submitted for payment after completion of treatment.

29. **Patient Signature** - is not required for payment but provider offices must maintain signature for proposed/rendered treatment.

PROVIDER RECONSIDERATIONS & APPEALS

If dental services are denied in whole or in part, providers have the right to a full and fair review.

The initial step of this process is reconsideration. A reconsideration can be requested by an office when a pre-determination or claim is initially denied, and the dental office or recipient wishes to submit additional information to support the service and coverage. Additional information may include clinical notes, x-rays, photographs, or other documentation not submitted originally. To request a reconsideration, contact the Dental Vendor at 1-877-841-1478.

When a denial is upheld through the reconsideration process, the provider or recipient can submit a formal appeal. The appeal request must be in writing and submitted within 6 months of the date of service or within 3 months from the initial denial. The appeal must include a copy of the Explanation of Benefits (EOB) or Predetermined Voucher on which the dental services were denied, along with written comments on the reason why the provider disagrees with the decision and any additional documentation to support the appeal.

Within 30 days of receiving the appeal, a written decision or a new Predetermined Voucher indicating any action that has been taken will be issued. If additional time is needed for a clinical evaluation of the recipient, the provider will be notified by the Dental Vendor.

Providers have the right to appeal a decision on a claim reconsideration by requesting a Fair Hearing. Corporations must be represented by an attorney. A request for an appeal must be made to the Office of Administrative Hearings within 30 days of the decision date from the Dental Vendor. Your request must contain information specific to your disagreement with the Dental Vendor's decision.

Please address these appeals to:

Department of Social Services
Office of Administrative Hearings
700 Governors Drive
Pierre, SD 57501
605.773.6851
admhrngs@dss.sd.us

Coverage and fee schedule request decisions are final and cannot be appealed. Please contact the Office of Administrative Hearings at the address above with further questions.

RECIPIENT GRIEVANCES

The Dental Vendor maintains a grievance process for Medicaid recipients.

A recipient can report a grievance to the Dental Vendor by contacting 1-877-841-1478. Upon receiving a verbal grievance, the Dental Vendor will send the recipient the Patient Grievance/Complaint Form. The form must be returned to the Dental Vendor within 30 days.

Within 30 days of receiving the grievance form, a written decision indicating any action that has been taken will be issued to the recipient. The Dental Vendor will engage providers in the grievance process as needed.

If, after exhausting the Dental Vendor's grievance processes, the recipient is still not satisfied, the recipient may request a fair hearing. Recipient requests for a fair hearing should also be sent to the address indicated above.

TIMELY FILING

South Dakota Medicaid must receive a provider's completed claim form within 6 months following the month the service was provided. Requests for reconsiderations will only be considered if they are received within the timely filing period or within 3 months of the date a claim was denied. The time limit may be waived or extended by South Dakota Medicaid in certain circumstances. Providers should refer to the General Claim Guidance manual for additional information.

DOCUMENTATION REQUIREMENTS

General Requirements
Providers must keep legible medical and financial records that fully justify and disclose the extent of services provided and billed to South Dakota Medicaid. These records must be retained for at least 6 years after the last date a claim was paid or denied. Please refer to the Documentation and Record Keeping manual for additional requirements.

DEFINITIONS

1. “Appeal,” a formal request to review a denied dental service after the reconsideration process.

2. “Dental Vendor,” The Department of Social Services contracts with a vendor for dental claims adjudication and administration services.

3. “Grievance,” a formal complaint made by a Medicaid recipient regarding dissatisfaction with dental services.

4. “Predetermination,” (also known as prior authorization) is the process of obtaining information about anticipated coverage and payment for a treatment plan before the treatment is started.

5. “Predetermined Voucher,” a document issued by the dental vendor when a provider requests review of a treatment plan in advance. The Predetermined Voucher outlines the anticipated coverage and payment.

QUICK ANSWERS

1. **Do I have to use the 2024 version of the ADA Claim Form?**

   The use of the 2024 ADA Claim Form is recommended, but not required. The Dental Vendor accepts all versions of the ADA claim form or claim forms developed by provider offices as long as all mandatory information is submitted.
2. **Where do I find my taxonomy number?**

   When completing claims for a Medicaid recipient, the provider should use the same taxonomy number used to complete provider enrollment with South Dakota Medicaid.

3. **Do I need to enroll with South Dakota Medicaid in order to submit a claim?**

   Yes, a dentist must be enrolled with South Dakota Medicaid in order to be reimbursed for services provided to a South Dakota Medicaid recipient.

4. **The dental hygienist in our office has an Individual NPI, can I list that NPI in Item 54?**

   No, hygienists cannot be considered the treating dentist. Services rendered by a hygienist must be submitted under the supervising dentist's NPI number.

5. **I did not receive an EOB for a service our office provided to a Medicaid recipient. What should I do?**

   If you receive EOBs via the mail, please note there will be a delay between the EFT payment and receiving the EOB. EOBs are mailed by an external vendor and are subject to post office delays. To obtain any missing EOBs, please visit the Dental Vendor's website at https://southdakota.deltadental.com/dentist/ or contact the Dental Vendor at 1-877-841-1478.

6. **I currently get my EOBs via the mail but would prefer the email notification.**

   Contact the Dental Vendor at 1-877-841-1478 to provide your email and begin receiving notification of your EOBs electronically.

7. **What services should a predetermination be submitted for?**

   A predetermination should be submitted for any treatment plan that amounts to over $500 in services, including plans that contain extensive restoration services and/or dentures. Providers are encouraged to submit a predetermination for any services they wish to have reviewed prior to completing the service.

8. **How long does the predetermination process take?**

   The Dental Vendor cannot begin the review process until all supporting documentation is received. When supporting documentation is submitted with the predetermination request, the predetermination process typically takes no longer than 10 calendar days. Often the process takes fewer days, but requests that require the review of a dental consultant may take longer.

9. **What happens if we don't submit a predetermination request and the claim is denied after completion of the service?**

   The predetermination process is a mechanism to allow providers and patients to make final treatment decisions based on coverage. If a provider completes a service without seeking predetermination, the services may not be covered by South Dakota Medicaid and the patient may be responsible for the cost. For example, if a provider makes a set of dentures for a patient without seeking predetermination, South Dakota Medicaid may deny because the patient had a similar service within the 5-year frequency limit. The patient may become responsible for the cost of the service. Providers should consult the Billing a Recipient manual for additional requirements regarding billing a recipient.

10. **I received a denial for a service I provided to a Medicaid recipient. I think it should be covered based on the recipient's need. What should I do?**

    Review the Explanation of Benefits or Predetermined Voucher to understand why the claim was denied. Contact the Dental Vendor to request reconsideration of the claim. Send in any supporting documents that were not submitted initially for review.

11. **The service I provided is not a covered benefit under the Medicaid program, but I believe the recipient has a special circumstance that should be considered.**

    Contact the Dental Vendor to discuss the situation and request special consideration of the claim. Send in any supporting documents that demonstrate the special circumstances (i.e., letter from medical doctor).

12. **A Medicaid recipient is not happy with a service I provided to them. Is there anything the Dental Vendor can do to help?**

    Yes, refer the recipient to the Dental Vendor to file a grievance. The Dental Vendor will review the grievance, supporting documentation from the provider, and, potentially, ask a third-party provider to conduct a clinical review. The Dental Vendor will issue a written response to the recipient.

13. **I have a recipient who has come to me for dentures. They had a new set of dentures paid for by Medicaid within the past 5 years, but they don't fit. The recipient says they have never fit. Is there anything we can do?**

    Yes, refer the recipient to the Dental Vendor to file a grievance. The Dental Vendor will review the grievance, supporting documentation from the provider that made the dentures, and ask a third-party provider to conduct a clinical review. The Dental Vendor will issue a written response to the recipient. If it is determined that the dentures never fit, a new set of dentures may be authorized.
