

SWING BED SERVICES

ELIGIBLE PROVIDERS

In order to receive payment, all eligible billing provider's National Provider Identifiers (NPI) must be enrolled with South Dakota Medicaid. South Dakota Medicaid has a streamlined enrollment process for eligible ordering, referring, and attending providers that may require no action on the part of the provider as submission of claims constitutes agreement to the South Dakota Medicaid Provider Agreement.

Hospitals must be licensed and enrolled as a swing bed provider with South Dakota Medicaid. Please refer to the [provider enrollment chart](#) for additional details on enrollment eligibility and supporting documentation requirement.

ELIGIBLE RECIPIENTS

Providers are responsible for checking a recipient's Medicaid ID card and verifying eligibility before providing services. Eligibility can be verified using South Dakota Medicaid's [online portal](#).

To qualify for swing bed services a recipient must be determined eligible for Long-Term Care (LTC) by the Division of Economic Assistance and the Division of Long-Term Services and Supports (LTSS).

Request for Coverage

If an individual is already a Medicaid recipient, the provider must complete form [DSS-EA-265](#) and submit to the Division of Economic Assistance. For individuals that are not yet eligible for Medicaid, but may be determined eligible, the provider must complete form [DSS-EA-240](#) and submit to the Division of Economic Assistance. Completed forms must be submitted to the nearest DSS local office that makes long term care determinations. Please refer to the [DSS website](#) to determine the applicable local office.

Coverage Determination

After the request for coverage form is received by the Division of Economic Assistance, the Division of Long-Term Services and Supports (LTSS) will complete a Level of Care (LOC) determination. A Preadmission Screening and Resident Review (PASRR) is required prior to Swing Bed admission as outlined in the [Pre-Admission Screening and Resident Review Provider](#) manual. Additional information regarding the PASRR process can be found on the [PASRR Website](#).

If Medicare denies the swing bed claim as not medically necessary, the swing bed services are not covered by South Dakota Medicaid. The provider may only submit a claim for ancillary services to South Dakota Medicaid when swing bed services are denied by Medicare as not medically necessary.
