

LAUNCHPAD

OVERVIEW

LaunchPad is an online application for uploading and downloading files containing claims, remits and the file status of South Dakota Medicaid claims. All transactions must follow the current HIPAA X12 standards to be accepted by LaunchPad. The following transactions can be performed through the application:

- Upload electronic claim files (EDI Transaction 837),
- Determine if the file submission was accepted or denied (EDI Transaction 999)
- Upload a supplemental 999 file if there were any formatting errors in the file uploaded. This is a 999 file with a .html file extension.
- Download a paid and denied claims status file (EDI Transaction u276 “Unsolicited”). This file is automatically sent on a weekly basis.
- Download an electronic remittance advice on the status of the claims submitted during the claim period (EDI Transaction 835)

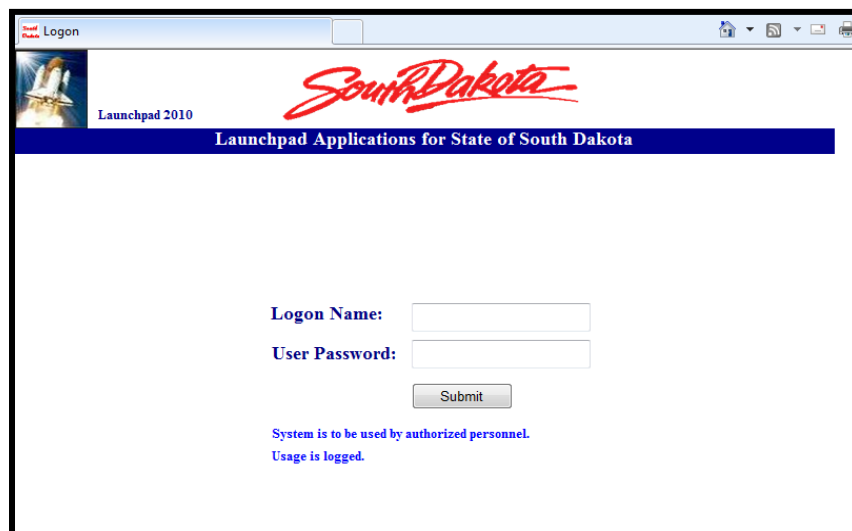

All changes regarding permissions for submitting and retrieving files through LaunchPad must be performed through South Dakota Medicaid Provider Enrollment. Contact provider enrollment at SDMedicaidPE@state.sd.us to make a change.

LOGGING INTO LAUNCHPAD

STEP 1: Enter the web address:

<https://apps.sd.gov/DP42Launchpad/logon.aspx>

STEP 2: Populate “Login Name” and “User Password” with information provided by South Dakota Medicaid.

Logon

Launchpad Applications for State of South Dakota

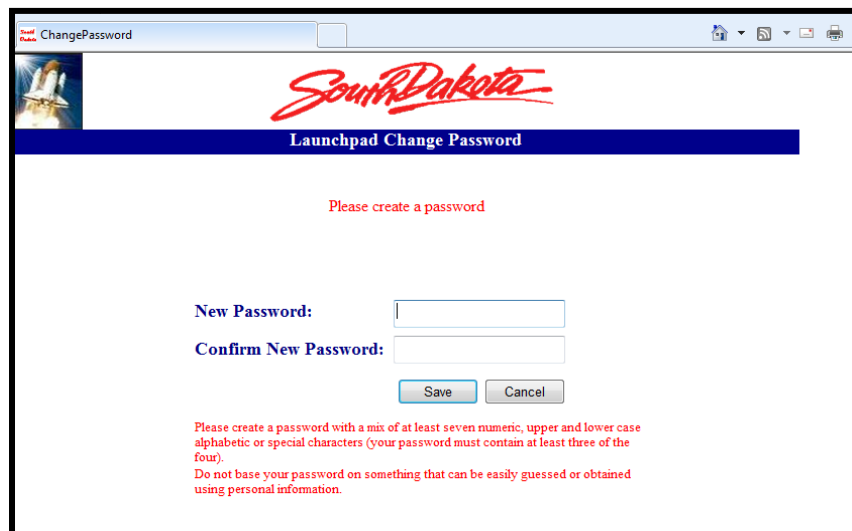

Logon Name:

User Password:

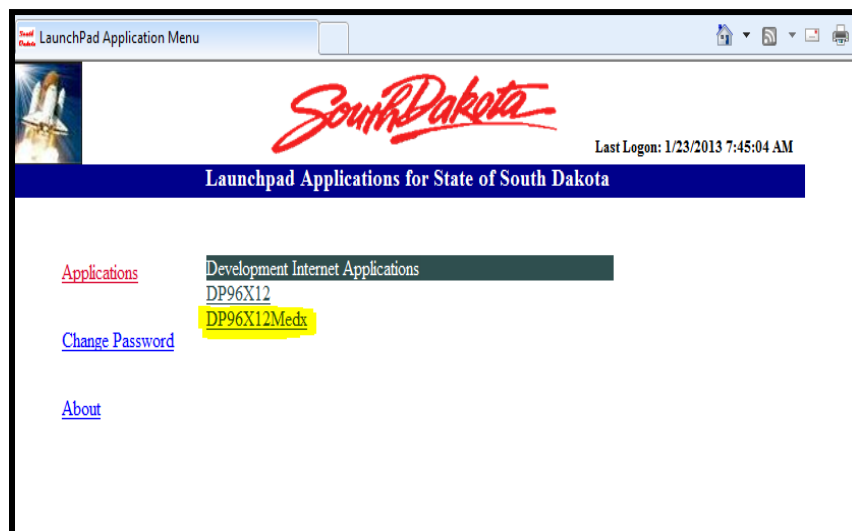

Submit

System is to be used by authorized personnel.
Usage is logged.

STEP 3: Establish your own desired password by populating “New Password” and then re-entering it in “Confirm New Password” (this only happens once).

STEP 4: Click on “DP96X12Medx.”

UPLOAD FILES TO SOUTH DAKOTA MEDICAID

IMPORTANT: ALL FILES must have a “.dat” or “.txt” file extension.

STEP 1: Click the “Browse” button and select the file you would like to upload. You may select up to 5 files to upload at a time.

The screenshot shows a web interface with a blue sidebar on the left and a main content area on the right. The sidebar contains the text "File Transfer" at the top, followed by "File Upload" and "File Download" (both underlined), and "About" and "Close" (both underlined). The main content area is titled "File Upload" and contains the instruction "Select up to 5 files to upload". Below this instruction are five empty text input fields, each followed by a "Browse..." button. At the bottom of the main content area is an "Upload Files" button.

This screenshot shows the same "File Upload" interface as the previous one, but with three files selected in the input fields. The first three fields contain the text "C:\Work\FilesToUpload\TestUpload1.dat", "C:\Work\FilesToUpload\TestUpload2.dat", and "C:\Work\FilesToUpload\TestUpload3.dat". Each of these fields has a "Browse..." button to its right. The fourth and fifth fields are empty and also have "Browse..." buttons. The "Upload Files" button remains at the bottom.

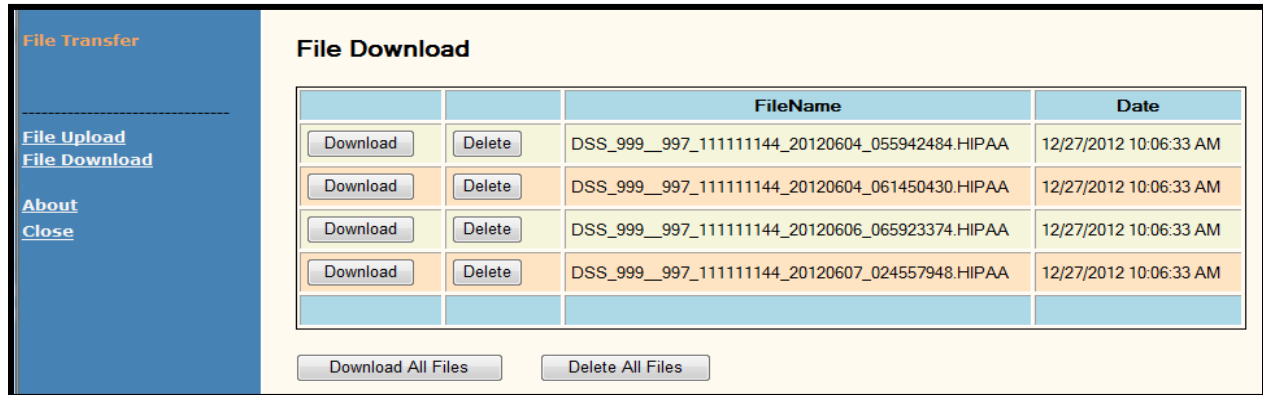

STEP 2: Click the "Upload Files" button. A summary of the files uploaded will appear at the bottom of the page.

This screenshot shows the "File Upload" interface after the "Upload Files" button has been clicked. The five input fields are now empty. At the bottom of the main content area, a new section has appeared with the heading "The following files have been uploaded:" followed by a list of three files: "TestUpload1.dat", "TestUpload2.dat", and "TestUpload3.dat".

To upload more files – repeat Step 1 & 2.

DOWNLOAD FILES FROM SOUTH DAKOTA MEDICAID

STEP 1: Click on the “File Download” link on the left side of the screen.

STEP 2: You may download an individual file or download them all in a .zip file. Click the “Download” button for the file you would like to download or click the “Download All Files” button to download a .zip file that contains all of your files. Click the “Save” button and then select the location where you would like the file to be saved to and then click “Save.”
