

RECIPIENT ELIGIBILITY

OVERVIEW

Medicaid Coverage

Individuals may apply for South Dakota Medicaid/CHIP online through <http://dss.sd.gov/applyonline>, in person at their local [DSS office](#), or by mailing an application to any Department of Social Services (DSS) Division of Economic Assistance office. Applications are available for download [here](#).

Individuals approved are eligible beginning the first day of the month in which they are eligible. An individual may request retroactive coverage for the three months immediately preceding the application month if the individual had health care expenses in those months and met the South Dakota Medicaid eligibility criteria in those months.

Applications for coverage which require a disability determination to be made will be processed within 90 days. All other applications will be processed within 45 days.

South Dakota Medicaid Card

The South Dakota Medicaid Identification Card is issued by the Department of Social Services on behalf of eligible South Dakota Medicaid recipients. The magnetic stripe card has the same background as the Supplemental Nutrition Assistance Program (SNAP) EBT card.

THIS CARD DOES NOT GUARANTEE MEDICAL ELIGIBILITY

AUTHORIZED
SIGNATURE

Recipients: You MUST present this card to each medical provider BEFORE receiving services. It is against the law for anyone else to use this card. VIOLATORS WILL BE PROSECUTED.

Providers: It is your responsibility to verify recipient eligibility at each service and determine the identity of the cardholder.

If found, please return to:
Department of Social Services, 700 Governors Drive, Pierre, SD 57501.

PAYMENT FOR SERVICES MAY BE LIMITED UNDER SOME MEDICAL PROGRAMS.

Recipients must present a South Dakota Medicaid identification card to a South Dakota Medicaid provider each time before obtaining a South Dakota Medicaid covered service as stated in the [Medicaid Recipient Handbook](#). Failure to present the South Dakota Medicaid identification card or notify providers of Medicaid eligibility may be cause for payment denial. Payment for non-covered services is the responsibility of the recipient per [ARSD 67:16:01:07](#).

The information on the face of the card includes the recipient's complete name (first, middle initial and last), the nine-digit recipient ID number, a three-digit generation number, and the recipient's date of birth and sex. Information entered on a claim submitted to South Dakota Medicaid must match the information on the card exactly. Do not use nicknames or different spelling from the name on the Medicaid ID card. The three-digit generation number is not part of the recipient's ID number and should not be entered on a claim. Each card has an individual name on it. There are no family cards.

The Medicaid ID card does not guarantee Medicaid eligibility. South Dakota Medicaid recommends providers verify current eligibility before providing services using the South Dakota Medicaid online portal or via another mechanism.

Interactive Voice Response / Telephone Service Unit

Providers may call South Dakota Medicaid's telephone service unit at 1-800-452-7691 to verify eligibility through the Interactive Voice Response System (IVR). Your provider NPI number and the recipient's Medicaid ID number are required to check eligibility using the IVR. Each call takes approximately one minute to complete.

Information is limited to current eligibility and PCP/Health Home information.

Medicaid Eligibility Verification System

South Dakota Medicaid also provides the option of verifying eligibility through the Medicaid Eligibility Verification System (MEVS). All three MEVS options provide prompt response times, printable receipts, and can verify eligibility status for prior dates of service. There is a nominal fee for verifications obtained through these Emdeon products.

MEVS offers the following ways to verify recipient eligibility:

- Point of Sale (POS) Device: Through the magnetic strip, the provider can swipe the card and have an accurate return of eligibility information in approximately 10 seconds. The POS is typically used at a pharmacy.
- PC Software: The provider can enter the Medicaid recipient ID number into PC software and in about 10 seconds have an accurate return of eligibility information.
- Secure web-based site.

For more information about the MEVS system, contact Emdeon at 1-866-369-8805 for new customers and 1-877-469-3263 for existing customers or visit Emdeon's website at www.emdeon.com.

MEDICAID COVERAGE PROGRAMS

Full Coverage

South Dakota Medicaid covers medically necessary health care services. Review the eligibility table for a brief snapshot of covered services. Specific coverage criteria and limits are noted in each section of the Provider Manual.

related to the pregnancy and/or delivery. Supporting medical documentation is required for related medical conditions.

HOME AND COMMUNITY BASED SERVICES (HCBS) WAIVER PROGRAMS

Home and Community Based Services (HCBS) Waiver programs are designed to provide services to meet the needs of individuals who prefer to receive long-term services and supports in their home or community instead of an institutional setting. Individuals must meet financial and additional eligibility requirements to qualify for a waiver program.

South Dakota has four HCBS waiver programs operated by the Department of Human Services. Each waiver program targets a specific population and provides services to meet the needs of the target population.

- [Home and Community-Based Options and Person-Centered Excellence \(HOPE\)](#)
- [CHOICES](#)
- [Family Support 360](#)
- [Assistive Daily Living Services \(ADLS\)](#)

HCBS coverage is in addition to other Medicaid coverage. If the service is covered under an individual's Medicaid coverage program, those benefits must be used prior to any HCBS benefits.

INCARCERATED RECIPIENTS

South Dakota Medicaid is prohibited from paying claims when a recipient is involuntarily held in a "public institution." A public institution is defined as an institution that is the responsibility for a governmental unit or over which a governmental unit exercises administrative control. Examples of a public institutions include; prisons, jails, juvenile detention centers and other penal settings. Claims paid for dates of service when an individual is held in a public institution are subject to recoupment. South Dakota Medicaid is not always aware that a recipient is being held in a "public institution" and a recipient may appear eligible when verifying eligibility. Claims payment is allowable for individuals on

home confinement, parole or probation as well as those residing in community facilities such as group care centers.
