

Back to School & Well-Child Visits!

- * Back to school often means sport's physicals. South Dakota Medicaid only covers sports physicals as part of an annual well-child visit.

Well-child visits can be scheduled with your provider. Bring the physical forms with your child to their annual wellness visit.

For more information on when your child should receive wellness visits, check out our [well-child webpage](#) or click on the recipient handbook image above!
