Q1: Will the potential awardee have access to diagnostic equipment? I.e. The QCI for the agency meeting the awardee onsite will bring necessary equipment to alleviate the need for shipping/transporting equipment and incurring undue costs?

A1: Yes, the subgrantee (agency) can provide necessary testing equipment.

Q2: Will the inspections take place throughout the year – for example quarterly – or all at once at the end of the program year?

A2: Since the number of homes for monitoring has increased, inspections would need to be done quarterly.

Q3: Will the local agencies help with coordination with the homeowners and scheduling?

A3: Yes.

Q4: Who selects the houses to inspect? DSS?

A4: DSS will select the homes and then the agencies will assist in scheduling.
