Q1: With the ability for potential funding opportunity renewal for Year 2 and 3, will budget for year 1 be the same for year 2 and 3 or will we have the ability to adjust the budget based on the changing coalition needs? Example: If the coalition staffing needs increase due to expansion of programming and increased community building efforts, could personnel hours be increased or an additional SAPPST staff member be able to be added to the budget for year 2 and 3 or an increased budget for speaker fees/event.

A1: *Budget increases may be requested but are not guaranteed, dependent on successful program implementation and available funding.*
