**Foster Care (Out-of-home Care):** Is a temporary service provided by states for children who cannot live with their families. Children in foster care may live with relatives or with unrelated foster parents. Foster care can also refer to placement settings like group homes, residential care facilities, emergency shelters, supervised independent living and periods of trial reunification.

**Receiving Services In Home (without court involvement):** Number of children who are able to safely remain in their home. These children and their families receive services and are monitored by Child Protection Services or another agency.

**Placement with Relative:** Child has been placed in the legal custody of a relative by the court without a formal guardianship. This does not include placement with the child's mother or father.
