Health Care Solutions Coalition Update

Tribal Consultation
April 5, 2018

CMS POLICY CHANGE

- February 26, 2016: HHS changed national Medicaid funding policy to cover more services for IHS eligibles with 100% federal funds.
  - More services now considered provided “through” IHS.
  - No longer limited to services provided in IHS facilities only.
  - May apply to more than specialty care services, including transportation, pharmacy, hospital and long term care services.
  - Maintains IHS responsibility to provide health care to American Indians.
100% FEDERAL FUNDING POLICY REQUIREMENTS

1. Participation by individuals and providers must be voluntary.
2. Services outside IHS must be provided via written care coordination agreement.
3. IHS must maintain responsibility for the patient’s care.
4. Provider must share medical records with IHS.

IMPLEMENTING NEW FEDERAL POLICY REQUIRES CHANGES

- **Providers:**
  - Sign care coordination agreements with IHS;
  - Share medical records with IHS.

- **IHS:**
  - Sign care coordination agreements with providers;
  - Maintain responsibility for patient care;
  - Accept medical records.

- **State:**
  - Track care coordination agreement status and ensure appropriate billing.
Savings leveraged will be used to fund several previous coalition recommendations that would increase access to services including:

1. Cover substance use disorder treatment for adults currently eligible for Medicaid (current coverage limited to adolescents and pregnant women)
   - Implementation: July 1, 2018

2. Add Medicaid eligible behavioral health and substance use disorder providers.
   - Licensed marriage and family therapists
   - CSW working toward PIP and LPC working toward MH providers
   - Target Implementation: January 1, 2019

3. Develop a Community Health Worker program in Medicaid.
   - Target Implementation: April 2019

4. Innovation grants for primary and prenatal care
   - Target Implementation: July 2019

5. If there are additional savings available after these items are funded: uncompensated care/shared savings with providers, including Indian Health Service.
SDHSC RECOMMENDATIONS / NEXT STEPS

- Alternative Service Delivery Model
- Evaluate next steps with other health providers and care coordination agreements.

Substance Use Disorder Services
JULY 1 IMPLEMENTATION

- Substance use disorder services will be covered for all adults effective July 1. Current coverage is limited to pregnant women and adolescents.
- Covered services include:
  - Integrated assessment;
  - Crisis intervention services;
  - Outpatient treatment programs;
  - Intensive outpatient treatment programs;
  - Day treatment programs;
  - Clinically-managed low-intensity residential treatment programs;
  - Clinically-managed high-intensity residential treatment programs for adults;
  - Medically-monitored intensive inpatient treatment programs;
  - Psychiatric residential treatment programs for substance use disorders for individuals under age 21; and
  - Chronic care management for individuals with a substance use disorder, severe dependence, and functional impairments,

- Providers must be accredited or deemed accredited by the Division of Behavioral Health in the Department of Social Services.
  - A tribal SUD 638 program may be deemed accredited by the Division of Behavioral Health if the program meets the minimum national or applicable standards of the IHS standards for that level of care and is in good standing with IHS.
- State Plan Amendment
  - DSS will submit a State Plan Amendment to CMS with a July 1 effective date with the change.
- Administrative Rules of South Dakota
  - DSS will update Chapter 67:16:48 with the change.
- 1115 Waiver
  - Federal regulation currently prohibits Medicaid payment for inpatient SUD facilities with more than 16 beds.
  - DSS will request an 1115 waiver to cover these facilities.
