

Supported Housing for Addiction Recovery Empowerment (SHARE)

What is supported housing?

Supported Housing for Addiction Recovery and Empowerment (SHARE) is specifically designed to address the recovering person's need for a safe and healthy living environment as well as provide other needed services to support the journey of recovery. Supported housing is where individuals in recovery come together in a structured, substance-free environment outside of a formal treatment setting. Individuals are supported in managing their overall care while learning responsible behavior, values, and positive habits to assure continued recovery.

Who is eligible?

Men and women 18 and older with a substance use disorder or experiencing issues related to substance use. This may include those with a co-occurring mental illness who due to their challenges, are unable to live independently without additional supports. Some providers may accept adults with children as noted on the reverse page.

How do I apply?

By contacting one of the providers listed on the back of this page. Admission requirements vary between providers.

How can I afford this?

Assistance is available for those who have been determined eligible through the Division of Behavioral Health's financial eligibility process. Please visit with the supported housing provider about this process.

Providers

To view the most up-to-date list of providers, please scan the QR code to visit sdbehavioralhealth.gov/recovery-housing.

*Some providers accept adults with children as noted. Call for availability.
