“Family isn’t always blood. It’s the people in your life who want you in theirs; the ones who accept you for who you are. The ones who would do anything to see you smile & who love you no matter what.”

My Family Meeting

*Nothing about me,  
without me*

## What is a family meeting?

A family meeting is a time for the people who care about you to get together and make decisions about your future.

## Who is invited to my family meeting?

You, your family, other relatives, friends, and other people who care about you and your safety.

## How am I involved in the meeting?

You will be included in the meeting. You can say what you think and listen, or be in a room nearby for part of the time. If you don't want to come to the meeting, you can write a letter, draw a picture, or tell someone what you want to say.

You can talk to your specialist about who you want to come and how you want to participate.

This is how I feel about what is going on:

This is who I think SHOULD be at the meeting:

This is who I think should NOT be at the meeting:
